Pinball Machines Banned by Sheriff

Acts After Complaints Of Gambling

Punchboards Also Ordered Out; Grand Jury Probe Asked

An ultimatum ordering all pinball machines and punch-boards removed from operation in Marion County, as of today, has been issued by Marion County Sheriff Glenn Obenour.

His order was made after Prosecutor Ralph Carhart informed him the prosecutor's office had received reports the machines were being used for gambling in some public places in the county. Carhart asked the reports be investigated and if true, the necessary criminal action be taken.

Even as Obenour was announcing his action, another possible attack on gambling was shaping up. When convening the Marion County Grand Jury today, Common Pleas Judge Paul D. Smith notified the jurors of the gambling reports and suggested an investigation be made.

In announcing his action, Sheriff Obenour said no definite evidence of gambling on pinball machines had yet been secured, but "the feeling in the sheriff's office is that pay-offs undoubtedly are being made in some county business establishments."

Therefore, he said, he ordered

Campaign To Open May 18

Drive Set for $148,500 To Finish Construction, Furnish New YMCA

One week from today a campaign to raise $148,500 will be opened by the Marion YMCA. The money is needed to complete the construction and for furnishing the new building on E. Church St.

Approximately 626 volunteer workers will begin soliciting from Marion residents in an effort to collect $55,000 in a one-week campaign. In addition to the popular gifts goal, big gifts committee workers will seek to collect $45,000 and industry will be asked to pledge $48,500. Chairmen of the popular gifts drive will be J. B. Bray, Mrs. B. H. Buettin, Mrs. Karl P. Holly and Wendell B. Ward, the same group which headed the 1950 drive. Frank M. Foster and Robert J. LaMarche will head the industrial drive and E. G. Siefert and Robert K. Rohr are in charge of the big gifts division.

Reasons for Drive

Two factors brought about the need for the new drive. The first is that the 1950 campaign missed the goal by $75,000. The second, and most important, is the sharp increase in construction costs since the outbreak of the Korean war.

Almost half of the $148,500 is needed to pay off contractural obligations on the new building. The campaign. Those facilities include a 25 by 75 foot swimming pool, two gymnasiums, one 80 by 52 feet and one 66 by 40 feet, locker room space for both sexes, game rooms for boys and girls, a 5,000 square foot youth center, a 250-seat auditorium, seven club rooms, craft shop, 29 dormitory rooms, kitchen facilities for banquets and exercise rooms.

Tentative opening date for the building is July 26. An open house schedule will probably be followed for the first week while Marion residents visit the new structure, a spokesman said.

High-Level Talks Asked By Churchill

Urges Big Powers Confer Over World Issues Without Delay

LONDON (AP) — Prime Minister Churchill said today he is in favor of a high level conference of the leading powers without any great delay.

In a House of Commons speech on foreign policy, Churchill said the high level conference should not be hampered by any long agenda, and should be carried out in an atmosphere of informality and privacy and even seclusion.

Churchill was not specific, but supposedly meant he should get together with President Eisenhower and Premier Malenkov. He referred to a "conference at the highest level of the leading powers."

Churchill said this conference might not come to any hard agreement but at least it would lead to a better understanding.

The prime minister reviewed what he called the "change in attitude and, we all hope, mood" that has taken place in Soviet Russia and the Kremlin itself since the death of Stalin.

He appealed for caution in "doing or saying" anything that might give the Soviet leaders ground for suspicion. He said "it would be a mistake to assume that nothing

Rescue Ships Spot 8 Survivors in Lifeboats On Lake Superior

GRAND MARAIS, Minn. (AP) — The Great Lakes freighter Henry Steinbrenner foundered and sank in heavy waves off Isle Royale in Lake Superior with 31 aboard today.

Ships in the vicinity reported sighting a life boat and a raft bearing people.

Eight survivors were on the wind whipped water, rescue ships said.

The Coast Guard station at Grand Marais reported it had intercepted radio messages from the steamer Clemson and the steamer Sykes in the vicinity of the accident.

Another ore carrier, the Joseph H. Thompson radioed it had sighted five men on a raft and three in a life boat 14 miles from Isle Royale Light Station. One man in the life boat was lying down, apparently injured, the message said.

The message said "Have sighted one raft and one life boat with people on them. Not able to pick up yet." Wreckage also was sighted in the area.

The Steinbrenner was reported sunk about 15 miles off the southeast shore of Isle Royale, about midway between Isle Royale Light Station and Passage Island at the northeast tip of the island. The light station is located at the tip of the arm forming Siskiwell Bay.

A report from the Clemson heard at 6:25 a.m. said the Steinbrenner had radioed its hatches had blown off in strong wind and that it was taking on water.

the removal of all pinball machines and punchboards from public places outside the city limits.

Says Owners Complying

Sheriff Obenour said that to his knowledge the business operators were complying with his order, and that his office was following up to see that all establishments complied with it by today.

He said he issued the order last week by telephone and by personal visits, instructing the owners to have the machines removed by today.

The sheriff's order does not affect pin-ball machines in operation in the city. Chief of Police Tom Coon said he had not received any requests from Prosecutor Carhart's office to investigate the existence of gambling in the city.

He said he has received no reports of gambling on the machines.

When the grand jury convened today Judge Smith read to the jurors a letter sent to Sheriff Obenour from Prosecutor Carhart regarding gambling devices in the county.

The following letter, dated April 20, was as follows:

"It has been reported to my office as prosecuting attorney that pinball machines and punchboards paying off in money or things of value are in use and in possession of a number of persons operating public places in the county of Marion, Ohio.

"These constitute gambling devices which are prohibited by law.

"Please immediately make a full and complete investigation and if true, immediately take the necessary criminal action."

Sheriff Obenour reported his office had been investigating the situation in the county in regard to pay-offs in the use of the pinball machines and punchboards. Before receiving Carhart's letter, he had not received any reports of gambling on pinball machines, he said.

In bringing the matter before the grand jury, the investigatory body of the county, Judge Smith told them he had discussed the matter with the prosecutor and the sheriff. Judge Smith said he had been informed by Sheriff Obenour that the sheriff had issued the order banning the machines and punch-boards from the county.

next year.

But simple arithmetic showed today that balancing spending with revenue may be painfully difficult even for the fiscal year beginning July 1, 1954—14 months away.

Red ink was the underscoring in a look at government finances released yesterday by the staff of the Senate-House Committee on Internal Revenue.

For the current year, ending June 30, the committee forecast a deficit of $7,300,000,000—almost 1½ billion more than former President Truman estimated in his budget last January.

For the year starting July 1, the first full fiscal year of the Eisenhower administration, the committee foresaw a deficit of almost six billion dollars. It assumed Eisenhower would cut five billions from spending planned by Truman, for an outlay of 73½ billion.

That still would keep the government deep in the red. A partial reason is that present tax laws are not bringing in as much revenue as was expected.

Sen. Taft of Ohio, the Republican leader, was less optimistic than the committee staff. In a week-end interview, he predicted that "unless changes are made" in spending plans, the deficit in the coming fiscal year will be from 9 to 11 billion dollars. Truman, recommending more spending than the Eisenhower administration now plans, had figured the deficit at $9,900,000,000.

In the wake of Secretary of the Treasury Humphrey's quoted statement to a Senate committee last week that the budget for the 12 months starting July 1 cannot and should not be balanced, some Republicans showed concern over the political effects.

balance will be used for furnishings and equipment, Y officials reported.

No professional guidance will be used in this fund campaign. During the 1950 drive, Marts and Lundy Inc., New York fund campaign specialists, conducted a preliminary survey and set up the actual campaign. This drive will be staged on a similar basis.

The drive will be operated on a plan similar to that of a military organization. Five divisions will be headed by leaders known as generals. Serving under each general will be captains who will in turn be in charge of lieutenants. In all, around 625 persons will take part in the drive.

Plans Unchanged

Y officials pointed out that despite the need for the additional funds, the building now under construction will contain all the facilities promised during the original

Committee Named For Y Dedication

Ralph E. Carhart, chairman of the dedication committee making plans for the dedicatory program for the new YMCA building, today announced selection of his committee.

Those named are Ben. T. Wiant, Bob Byrd, Homer R. Waddell, Karl Schell, A. W. Kette, George Turner, Miss Helen May, James C. Woods, Robert T. Mason, and John J. Stafford.

Dedication of the building is tentatively planned for July 26.

Robert Scott New District Head of Lions

At the 34th annual state convention of the Ohio Association of Lions Club Friday and Saturday in Columbus, Robert Scott of Marion was elected district governor of District 13-E.

Twenty members of the Marion Lions Club and their wives were in attendance at the convention. Headquarters were in the Neil House, with over 1,600 Lions from the state attending.

Scott has served for over a year as a deputy district governor. District 13-E is one of eight districts in the states and comprises 38 clubs in the north central area of the state, including Marion and vicinity. Scott served as secretary of the Marion Club for a number of years. Employed at the Commercial Steel Casting Co., he is director of personnel.

In the Marion delegation, besides Scott, were George Schwab, president, Jackson Taft, president-elect, Howard Ryan, W. P. Applegett, Robert Cripps, Wesley Ranck, Charlton Myers, Robert Morrison, Jack Ehlen, Lowell Williams, Harry Seiter, Paul Frye, Jack Boyd, James Rankin, Fred Warner, Robert Ruth, Larry Weiser, Jack Hughes and Darl Gatchell.

prisoners refusing to return to Red rule.

At today's 53-minute meeting the U.N. Command said an eight-point Communist proposal for prisoner exchange still left the threat of indefinite captivity hanging over 48,000 North Korean and Chinese Reds.

Lt. Gen. William K. Harrison Jr., senior U.N. delegate, said there was no guarantee that a political conference could settle the prisoner question as the Communists urged.

After the meeting had adjourned until 11 a.m. Tuesday, Harrison stood in a driving rain outside the crude conference hut and told correspondents that of the barrage of questions he has asked the Reds only one has been answered satisfactorily.

He recalled they had said a majority vote would decide differences among the five neutrals proposed by the Communists as custodians of prisoners refusing to return home.

The Communists have proposed that a five-nation commission supervise such prisoners for four months. After that period—and after Communist representatives had "explained" things to the soldiers

Food Cost Said Lowest Since December 1950

WASHINGTON (AP)—The Agriculture Department reported today that retail food costs have dropped to the lowest level since December, 1950, largely reflecting lower farm prices.

A fixed quantity of food that cost an average of $735 in 1952 could be bought for $701 by April this year, the agency said. Last July the cost had climbed to a record $755.

Lower prices of beef were said to have accounted for much of the decline. Other foods that now bear lower price tags were said to include some dairy and poultry products.

The department said farm prices of food products were 10 per cent lower in the first three months of 1953 than in the corresponding quarter last year. But retail prices were down only 3 per cent, largely because marketing charges were 3 per cent higher.

As a result, farmers received 46 cents of the dollar consumers spent for farm-produced food products. This was 3 cents less than a year earlier and 8 cents less than the record in 1945.

The department said the bulk of the increase in marketing charges reflected boosts in wages of employes in the food industry. It said hourly earnings of these workers averaged 5 per cent higher in the first three months of this year than last year.

could be settled unless or until everything is settled."

In a review of foreign problems Churchill told the House of Commons:

1. The compromise truce proposals offered by the Communists in Korea should be given "sympathetic and patient examination."

2. Western Germany needs to be incorporated soon into the Western defense set up. Britain intends to stand firmly behind her commitments to Western Germany.

3. Britain will discuss arrangements for providing an international defense of the Suez Canal Zone but British troops will defend themselves if the Egyptians try to start trouble there.

4. A piecemeal solution of problems with Russia was better than no settlement at all. This could be interpreted as mild criticism of President Eisenhower's recent all inclusive peace plan.

5. The position of French-led forces in Indochina has improved, partially because of the advent of the rainy season there. He warned the West not to assume too hastily that Moscow is calling the tune for the military movement in Indochina.

Churchill opened with a discussion of Korea, saying the Communist truce proposals require sympathetic examination. He observed:

"There is no reason known to me at present to assume that it might not form the basis of agreement, provided always it is put forward by the Communists in a spirit of sincerity."

He pointed out that the United States had borne nineteen twentieths of the cost of the Korean

Spring Rains Pelt Korean Battlefront

SEOUL (AP)—Driving rain and fog halted most air and ground action today after 39 high-flying American Superforts smashed with 500-pound bombs a huge 1,000-building Communist supply center deep in Northwest Korea.

Allied infantrymen huddled in bunkers as spring rains pelted the muddy 155-mile battlefront.

The only planes off for North Korea were weather reconnaissance craft, the Air Force said.

The B29s from Okinawa and Japan hurled 390 tons of bombs at the 375-acre Red supply area at Yangsi Sunday.

A thick cloud layer hid results of the radar-controlled drops. Red night fighters were in the skies, but did not bother the Superforts.

Earlier Sunday, Capt. Manuel Fernandez Jr. of Miami, Fla., became the world's leading jet ace as he destroyed his 13th Red MIG.

What Happens If Truce Fails Again

Military Picture Far From Clear in Korea

WASHINGTON (AP)—What happens, militarily, if Korean truce talks collapse again? There is no ready answer. Each of the possible courses seems fraught with hazards of one sort or another.

Dwight D. Eisenhower, when awaiting inauguration as president, went to the Far East five months ago to appraise steps that could bring an honorable end to the war.

Since then the U. S., responding to an offer by the Communists, has resumed discussions at Panmunjom. Last Friday Eisenhower and his State and Defense Department advisers got together to discuss the latest Red truce proposals.

If they prove unacceptable, what then?

Will the United Nations forces continue to stand where they are, holding a line held for two years? Or turn to an attempt to beat the enemy on the field? Or get out?

Sen. Ferguson (R-Mich) told an NBC television audience yesterday: "If we do not get a settlement . . . then I think America will take steps which ought to be taken to assure victory."

Eisenhower and his military commanders cannot, by themselves, decide the course. There are the wishes of other Allied nations in the Korean War to be considered. And the enemy might have his own ideas.

Continuing to hold on the present battle line can have military disadvantages. Even standing still costs casualties—300 to 600 a week among U. S. forces. And the Reds use the time to reinforce their already forbidding front-line structures and extend their defenses far to the rear to contain any U. N. breakthrough.

cessive nights, bringing a loss conservatively estimated at $30,000 will be investigated by a state fire marshal.

Fire Chief John A. Durtschi asked for the investigation after a fire Friday night destroyed the William F. Mollenkopf barn two miles northwest of Galion. The burning of the second barn Saturday night on the farm of William Amann, North State Rd in the city limits near the Heise park west entrance, also will be investigated.

City firemen were called at 5:35 p.m. Saturday to extinguish the blaze at the Amann barn. This was discovered by neighbors. Firemen fought the blaze for four hours, and were summoned back at 1:30 a.m. Sunday, and again Sunday afternoon as new fire broke out each time from the smoldering ruins. Only the frame of the barn, approximately 40 by 70 feet remained standing. The barn and a few small adjoining buildings were located on the farm which had no house. Amann said equipment in the barn belonged to both himself and Wilbert Appleman of the Bucyrus road who farms for him.

A three-year-old pony belonging to Donald Appleman, seven-year-old son of Mr. and Mrs. Appleman, was burned in the barn as well as baled hay, farm machinery, soy beans and about 250 bushels of oats. The farm machinery included a hay loader, mowing machine, rubber-tired wagon, and other equipment.

Insurance will not be adequate to cover the loss, Mr. Amann said. Estimate on the barn alone was placed at $10,000.

A neighbor told Amann that he had noticed a bicycle was set against the barn about a half hour before the blaze was discovered.

Loss on the contents of the barn will amount to at least $5,000.

At the Mollenkopf farm, located off the Dice Rd, parallel to North State Rd. where the Amann barn was located, fire Friday night destroyed a 90 by 40-foot barn, and valuable farm machinery belonging to Mollenkopf's son, Howard. Loss on the building was estimated at $5,000, and the farm machinery at $10,000.

Neither the Amann or Mollenkopf barn was wired, the fire chief said.

MARSHAL SWORN IN

COLUMBUS, O. (AP)—Howard C. Botts of Wilmington became the U. S. marshal for Southern Ohio today—a few hours behind schedule.

A security bond sought by Botts last week and promised in time for scheduled swearing-in services failed to arrive at the 9:30 a. m. deadline. A new one was hastily drawn and filed. Federal Judge Mell G. Underwood administered the oath of office in district court.

lake points.

The ship was reported to have struck a reef in the same vicinity as the ill-fated Emporer, a Canadian ship, which went down June 4, 1947. Twelve crewmen lost their lives.

Coast Guard rescue boats were hurrying from several points. Grand Marais and Portage Canal, Mich. stations dispatched motor lifeboats. An 85 foot Coast Guard patrol boat left Two Harbors, Minn. The Coast Guard cutter Woodrush was dispatched from the Apostle Islands off the North Wisconsin shore.

Court Reports Increase In Juvenile Cases

The number of juvenile cases handled through Marion County Juvenile Court the first four months of this year is nearly double the number processed during the equivalent period for 1952.

Judge Edward J. Ruzzo reported that 108 juvenile cases were handled this year, while 60 cases were handled last year during the first four months.

This increase, the Juvenile Court Judge feels, is a reflection of the crack-down by school and law enforcement officials on juvenile delinquency.

Seven Freed U.S. Civilians Reach Moscow

MOSCOW (AP)—Seven American civilians freed from internment by the North Koreans arrived in Moscow today aboard the Trans-Siberian Express.

U. S. Ambassador Charles E. Bohlen headed a group of Americans who greeted the liberated persons at the railway station. Boholen told them a special American plane was waiting at Moscow's Vnukova Airport to fly them home to America.

The seven Americans had been seized at the outbreak of the Korean War nearly three years ago. They included five Methodist missionaries, a Catholic Maryknoll priest and a former State Department employe.

The Americans were the third group of foreigners released by the North Koreans after Russian intercession. Fourteen French civilians, six Britons and an Irish priest already have been repatriated via Moscow.

The United States had appealed to Russia to use its influence with the North Koreans to obtain the release of 13 Americans. The North Koreans replied they would free seven but that three others had died and they had never heard of the other three.

America Growing Up

By Hal Boyle

MAGNOLIA, Ark. (AP)—America is growing up. Its period of rawboned youth is over.

A symbol of this was the centennial celebration held last week by this community, typical of the mushrooming small cities of the South and Southwest.

Towns, like men, take a pleasure in pausing now and then for a glance back—a look ahead. Magnolians, immensely proud of their town, were pleased to find that at the age of 100 it was suffering its most acute growing pains.

It was settled a century ago by pioneers who came afoot, in wagons, and on horseback from Georgia and South Carolina. A young lady who liked magnolia trees gave the hamlet its name.

In 1860 it had a population of 344, including 66 slaves and three professional gamblers. It had only about 1,000 people in 1900. The prospects were it would remain indefinitely dreaming in its quiet dust, its chief claim to fame the fact that a major general of the confederate army slept in its cemetery.

But in the last quarter century Magnolia began to grow—and now is in full bloom. The discovery of oil was a big factor. But so was the spark of new leadership. The young men quit leaving town to seek opportunity elsewhere.

Magnolia now has a population of 10,000. It has diversified industries ranging from oil to aluminum, plastics, clothing and wood products. It has spent nearly nine million dollars in new homes since 1946.

As the townspeople flocked to the courthouse square to watch a mammoth centennial parade—"the biggest ever held in Arkansas"—I chatted with three leading citizens who are a link between the city's serene past, its bustling future.

They were Col. Charles W. McKay, 81, a lawyer; John W. Colquitt, 75, hardware dealer for half a century, and Charles B. Lyle, 78, who has been filling prescriptions in his drug store for 54 years.

"Add us together and you have a ripe old age," said Col. McKay cheerfully. The three old friends are all sons of pioneer settlers, and love to talk about the old times.

How do people differ now from then? Lyle studied some passers-by, then said:

"We were more religious in those days. The whole town would close up for a week to go to a camp meeting."

"Yes, people used to like to do more things for each other then," said Colquitt. "They served each other then. Now too many people serve only for money."

"And I'd say we had more fun, too," Lyle continued. "They have too much entertainment today to have any real fun. They don't know what real fun you can get out of a picnic or a hayride."

"Remember the square dances?" said Col. McKay. "The girls all went wild over the fiddler."

"Everybody was poor then, and didn't know it," said Colquitt. "A man with $8,000 was rich. Now everybody has got some money, and feels poor."

But Col. McKay then put in a stout plug for the young folks.

"I don't say that we ourselves were as good as our own parents," he said mildly. "But people are getting better all the time.

"They used to come to town on Saturday night, get drunk, hold chicken fights, fight each other and race their horses up the main street.

"They don't do that on Saturday night any more. What do they do? I don't know. I don't go out anymore, I hear they go to the movies."

The three old friends were silent then, musing over the past.

But they are no mossbacks. When I asked them what they liked about their town, Lyle said firmly:

"The citizenship."

"Yes," said Colquitt, "the citizenship. The people are civic-minded. There is a spark here you don't find in other towns."

And Lawyer McKay summed it up:

"The good people are in the majority. In this town it has always been that way."

April Traffic Accidents Up, Patrol Reports

The number of traffic accidents investigated by state highway patrolmen in the 24 northwestern counties of Ohio increased during the month of April, according to reports from district headquarters at Findlay.

Accidents reported by the patrol in April totaled 549, as compared to 481 during March, and 447 in February. During April, 1952, accidents totaled 454.

According to the report, 34 persons were killed on area highways during April this year as compared to 11 in the month of March and 22 during April, 1952.

Other tabulations include: persons injured, 194 during April this year, 286 during the same month last year; arrests completed, 2,510 in April, 1953, and 1,752 in April, 1952. During April, patrolmen issued 5,133 written warnings as compared to 3,737 last year during April.

Sleuth's Sleuth

By George Sokolsky

When Roy Cohn and David Schine were in Europe on an investigation job for the McCarthy committee, an astonishing furor developed in the European press and many stories were printed in American newspapers about these two men, ridiculing them, particularly for their youth. Knowing them both well, I recognized that they were being given the business by adroit public relations not of their making.

SOKOLSKY

The hearing was into the activities of Theodore Kaghan, acting deputy director, Office of Public Affairs of the U.S. High Commissioner in Germany.

-:-

THIS OFFICE spends $61,000,000 a year of our money and employs about 2,800 persons. Kaghan was brought back from Germany to explain some curiosities in the operation of his office.

Sen. Joseph McCarthy, speaking of Cohn and Schine, asked Kaghan:

"Is it true that H-Cog had a man follow my investigators at all times in Europe and report by phone to your office? . . .

Mr. Kaghan—They had an escort officer provided all VIP's. I don't think he followed them except respectfully.

Chairman—You say you call him an escort officer?

Mr. Kaghan—An escort officer, yes, sir."

It appears, from what Kaghan said, that an "escort officer" was provided for Roy Cohn, although Cohn had informed Kaghan's office that he wanted no such person, as he was on a confidential investigation.

-:-

IN SPITE OF Cohn's request, someone by the name of Monteconi tailed Cohn and Schine throughout their visit to Germany and Austria.

Sen. McCarthy asked:

"Did you think that was a proper expenditure of public funds to hire someone to tail two committee investigators, pay for his expenses while he was following them, pay for his long distance phone calls for reporting in? Do you think that was a proper expenditure of public funds?"

Kaghan ducked these questions with long and meaningless explanations. Cohn described what happened, in a reply to a question this information as to where they were going and what they were doing so that he could keep the press informed. Is that correct?

"Mr. Kaghan — He would want to know their schedule, so that he could keep the press informed."

IN OTHER WORDS, here is an agency of government that is being investigated by a congressional committee which puts, at the expense of the taxpayers, a tail on the investigators and feeds the press detatils of their operations.

Cohn and Schine were made to appear to be silly children, which they are not. Cohn, although only 26 years old, has had a vast experince and Schine has proved to be a valuable investigator.

Incidentally, Schine, who puts in full time, works without pay.

Sweet Tooth Brings End to Tot's Tour

DEEP RIVER, N. Y. (AP)—Little David Hancock's sweet tooth brought an end to his world tour—after a two-mile hike.

The 4-year-old set out alone from his farm home to see "the world." But he stopped at a candy counter in this Northern New York hamlet. David, though eager to go further, wound up where he started.

from Sen. Mundt:

"We requested it so much, Sen. Mundt, that after this escort officer would keep walking in and discovering the identity of every confidential informant we were talking to, we made a formal protest to the acting high commissioner of Germany, and asked that this man be taken away immediately.

"It was impossible to continue our work as a result of the exposure of the names of witnesses we were seeing, the printing of questions we asked them in the newspapers the next day, and various things along those lines. So I think it could hardly be said that he was of assistance to us."

-:-

FINALLY, Kaghan explained what happened:

"Mr. Slocum's (an American official) business is to assist the American and the German and foreign press in Austria — or in Germany — to get information about the U.S. operation in Germany. And when two investigators come over, the American press is interested in who they are, what they are, where they are going, and so on.

"Mr. Slocum does his best to protect the interests of the United States and serve the interests of the American press. His interest was to be able to answer questions about Mr. Cohn and Mr. Schine in so far as possible.

Shot O' Soap

By Inez Robb

American radio, always boastful that it is fustest with the mostest, got knocked into a cocked hat the other day when enterprising stations in Uruguay broadcast a real, honest-to-goodness duel between two pistol-packin' poppas.

INEZ ROBB

This affair of honor ended in a draw, with neither man so much as pinked in the process. For either man involved in a duel even to nick the other is regarded as vulgar and ostentatious under the strict Uruguayan dueling code.

It is also strictly against union rules and can lead to a practitioner being tossed out of the lodge.

DUELS ARE a dime a dozen in Uruguay. This neat, prosperous little country, sometimes known as the Denmark of the new world, gets all of the Argentine's dwelling trade and is obliged to enforce safe and sane regulations to prevent wholesale slaughter.

Such a code also permits duellists to defend their assorted honor without fear, favor or the shakes.

When I was in South America in 1946, I made a careful study of duelling practices. I was fascinated to discover that duelling still exists, living as I do in the mundane U.S.A., where industrialization and low blood pressure have killed romance and substituted verbal insults for pistols at dawn.

I had scarcely arrived in Buenos Aires when two politicoes challenged each other to a duel. I thought the Katzenjammers were joking, despite newspaper headlines, until a friend explained to me that an affair of honor is still a serious and sacred matter south of the border.

-:-

NATURALLY, my friend explained, the duel would be fought in Uruguay since dueling is against the law in Argentina.

The affair would be fought with pistols my friend predicted and it was because a man can get hurt in a duel with rapiers. One of the participants, in the excitement of the moment, is apt to cut himself if not his opponent.

Pistols are the popular weapon, my South American informer continued, particularly since the invention of soap bullets. All duels, he declared, are fought with such bullets and the trajectory of each can be traced by the glint of the sun's first rays on the bubbles following in the wake of the projectile.

When the lads rendezvous in Uruguay, the bitter enemies march the appointed number of paces, turn and fire their soap bullets into the air.

Honor is satisfied and the only thing that remains is for one or both principals to buy a full column at classified advertising rates in the local newspapers to explain the whole affair.

-:-

THIS MAKES everyone, particularly the newspapers, extremely happy and the matter is settled with honor.

Dueling had a long and distinguished history in this country before the advent of the squirrel rifle. Alexander Hamilton was killed in a duel but Andrew Jackson (Old Hickory) saved his life by a smart ruse in such an affair.

His opponent promised to shoot Old Hickory through the coat button just over his heart. His opponent, a dead-eye dick, did shoot Andy through the button.

But Old Hickory was no fool. On that occasion, he buttoned his double - breasted coat the other way, or on the right side, and was wounded in the right chest instead of through the heart.

It just occurs to me that the TV, could revive duelling in this country if it could only get its hands on some soap bullets.

Certainly a good clean duel shouldn't offend a nation that recently watched Jimmy Carter slaughter Tommy Collins in a four-round massacre.

Editors to Review McCarthy Charges

WASHINGTON (AP)—The American Society of Newspaper Editors has referred to its Freedom of Information Committee the record of Sen. McCarthy's questioning of editor James Wechsler.

J. R. Wiggins, managing editor of the Washington Post and committee chairman, said Basil Walters, executive editor of the Knight Newspapers and ASNE president, asked for the review. No date was set for a committee meeting.

Wechsler, editor of the New York Post, which has been critical of McCarthy, was questioned at closed sessions of the Senate internal security subcommittee April 24 and May 5.

Tariff Issue Has a Mate

Congressmen used to say in the old days that tariff was a local issue, then prove it by protecting local industry and agriculture with high rates.

Tariff is still a local issue. But congressional decisions on protection have ceased to be local in their consequences Actually, they never were, but the consequences used to be a long time in appearing.

The tariff issue now has a mate — how to secure maximum security in a world existing under the threat of Communist blackmail.

Tariff is as local as a draft call and as full of international significance as a white cross in a Korean cemetery.

The United States cannot bar its doors against reciprocal trade without barring all hope of reciprocal aid. If it wants the French to fight harder in Europe and Asia, it must help France to survive in an interdependent world. It must buy from France.

If American industry needs foreign markets in which to sell its surpluses, it must give foreigners the privilege of selling some of their surpluses here.

These things are as plain in Congress as they are in the Ford Co., the U.S. Chamber of Commerce, or the farm homes of Kansas. All interested in selling abroad. Yet, because tariff is a local issue and always will be, questions about it invariably are answered on a basis of local interest and local prejudice. There is no way to change this. Long-range national policy is no match for the short-range consequences of removing tariff protection from native enterprise.

The Eisenhower administration is hoping to stall off a showdown this year. It will try to get the existing tariff law extended a year, with a study to reconcile the protective-tariff principle with the security of the United States.

No previous administration ever has solved the problem, but each new administration must grapple with it.

What's To Be Saved?

Treaty Power

By Raymond Moley

Dulles Should Steer Clear of Senate Affair

It may well be that the next big Senate debate will be on the Bricker proposal to amend the constitutional provisions relating to the treaty power.

In that debate we may assume that the strange reversal of opinion on the subject by Secretary Dulles will come in for a thorough airing.

Seldom has a secretary of state so weakened his influence in a Senate with which he must deal as Mr. Dulles has done in this case.

A year ago, Dulles pointed out the grave danger that treaties can override all our constitutional liberties, since they make new and supreme law.

A month ago, he went before the Foreign Relations Committee and said that it was unnecessary to do anything about this danger since he and the President could be trusted to negotiate no bad treaties.

This faulty reasoning will be thoroughly exposed by the advocates of the amendment which, incidentally, is sponsored by no less than 64 senators.

But Mr. Dulles, Attorney General Brownell, Mutual Security Director Harold Stassen, and through them President Eisenhower should consider the fact that it is no part of the duties or privileges of the executive department to take part in the process of constitutional amendment.

Mr. Dulles will have one and only one duty in connection with this amendment if it is proposed by Congress and ratified by the states.

He must then proclaim it as a legally adopted part of the supreme law of the land. Until then, he would be well advised to withhold comment.

This constitutional amendment is proposed as a joint resolution.

It will require a two-thirds approval of both houses of Congress. Then it must be ratified by three-fourths of the states. The president's approval of this joint resolution is not required.

An exceedingly good statement of this point was made in a letter by Elihu Root to President Hoover in 1931 when the latter was struggling with the question of repealing the prohibition amendment. Root's opinion appears in the second volume of Hoover's memoirs.

The following is his advice as paraphrased by Hoover:

"The Constitution does not contemplate any relation of the president to its amendment. You can veto any other form of legislative action but you do not have that power in relation to constituional amendments.

"That distinction was made for the definite purpose of holding alterations of the Constitution away from the president, who is solely an enforcement officer in this relation.

"Furthermore, this law expresses itself in criminal proceedings. If you were to recommend repeal you would be nullifying the Constitution because from that day no jury and no judge would convict. You must not do that. exert."

"Your sacred duty is to enforce the law with every power you exert."

This opinion by a great lawyer and secretary of state should be brought forcefully to the attention of Messrs. Dulles, Brownell, and Stassen, who are the subordinates and agents of the president.

To be perfectly plain, the Bricker amendment is none of their business.

Marion County History Brevities

By EDNA S. DUTTON

Pointers were as much a part of pioneer school equipment as the paddle. The Pointer was used by the teacher to point out the letters or words in study as well as in recitations. It was usually made of the black stem of the maidenhair fern. Classes would be called up, stand in a row in front of the teacher, "toeing the mark," which was actually a chalk or charcoal mark or a crack. Commencing at one end of the class, one would read the first "verse," the next the second and so on round and round, Sunday school fashion. Whenever a pupil hesitated at a word the teacher would pronounce it for him. And this was all there was to the reading exercise.

U.S. Truce Team Matches Korean Tricks

By Ray Falk

PANMUNJOM, After months of weary negotiations, American officers conducting the truce talks here are beginning to learn a few things about the intricate thought processes of Oriental Communists.

The Red negotiators automatically reject the first suggestion advanced by Western spokesmen. When the proposal finally is accepted by the Communists, there is insistence on making changes in the original suggestion.

Frequently these changes are no counterpart as to whether the checking of names should be done inside a tent or outside.

The communist officer won, but not before the American major had told him:

"Our side agrees with your side that the checking be done outside the tent, but our side reserves the right to revise this procedure if it proves impractical."

Take the prisoners of sick and wounded exchange.

The U. N. side suggested that it deliver two groups of 25 Com- proposal. Then they suggested a schedule of their own which read: 9:00, 9:10, 10:00, 10:40, 10:50, 11:30, 11:40, 12:20, 12:30 and the litter cases to be received at 12:30.

There finally was a compromise, with the U. N. accepting the new Communist delivery schedule, but insisting that litter cases be handled at 11:40, and the Communists gave in on this point.

That's the type of bargaining that is going on now in the main pavilion here over more vital and bigger issues between Lieut. Gen.

The Once Over

By H. I. Phillips

Derby Is Unequaled

The recent Kentucky Derby again calls to mind the fact that the best brains of horse racing in New York, Saratoga, Chicago, Miami and other cities have never been able to produce a race that would even come close to it as a headline getter and event of public appeal. "Why?" is the recurrent question, as even the Preakness is heralded as a second act in Derby. The answer is easy.

First of all, because the Kentucky classic, not as significant a test of horses as dozens of other races, has all the elements of a country fair, a Mardi Gras, circus day, an American Legion convention, an Elks picnic, a fire at the gasworks, a world series and a college reunion, not to mention an old-fashioned clambake, and a national convention of quartets giving out with "Weep no more, my lady."

-:-

The public is a pushover for sentimental touches. Northerners, easterners and westerners go for a mood of the Southland and fringe areas. Give a colorful horse race in Maytime, add good fellowship, an old Kentucky home, a few hundred gallons of mint juleps; season with nostalgia for a back-home atmosphere, stir rapidly with the spoon of super publicity and you have a Kentucky Derby. But the secret escapes all other racing men in America.

The appeal in Kentucky is to the heart, not to the yen for an inside tip, a glass of beer, a frankfurter, a polite respect for millionaire turfmen, rapid transit in hot trains and brass band renditions of hit parade tunes.

Somehow Kentucky has managed to get behind this race a mood where man seems more interested in man at the weights and distance than in any horse.

It has kept personalities like Matt Winn and Bill Corum, famed for good fellowship, hospitality and the common touch, as symbolic of its mood. Here the New York tracks, and others, have failed notably.

Name a racing figure around the cradle of racing whom you would care to slap on the back and suggest a few barber shop chords. Name one you would approach without a proper introduction. (Sorry. But we don't want you to go away empty-handed in this quiz and are giving you an icebox, a diamond studded dogsled and a jeweled portrait of Admiral Peary.)

-:-

The New York tracks aren't trying. If they are to come close to a rep for races of distinction they should put in some overall top position a super showman and good mixer, not the Broadway, but the country-fair type. (A goatee would help.)

They should offer a prize for a theme song with nostalgic implications, and come up with some drink associated with an old tradition: something on which grandpa used to get boiled in a rather gracious way. (And one that even grandma didn't oppose too much, when company came.) And put more emphasis on brass

If the purpose of Congress a half century ago had been to uphold the Sherman Anti-Trust Act at the expense of business enterprise, the law never could have been passed.

The purpose was to uphold business enterprise with the help of the Sherman Act, not in spite of it. Yet, in 1953, the organized baseball is in danger of being destroyed by this grossly misinterpreted and misapplied law.

It is trying to cope with the threat which television raises to its survival. Minor-league ball clubs cannot compete for spectators who would prefer to watch televised major-league clubs at no cost.

Yet, if organized baseball takes action to preserve itself it is accused of violating the Sherman Anti-Trust Act. That never was intended to be the effect of the law, which was passed before anyone had heard of radio or television—even before it had become feasible to convey sports information by telephone and telegraph.

Sen. Johnson of Colorado has introduced a bill to give organized baseball control over its own welfare. Only one minority has any excuse to complain about this bill—television watchers who would prefer to see games for nothing even though that might mean the destruction of baseball.

Television watchers have no defensible rights in this matter. They cannot assert the right to injure baseball, which is a legitimate enterprise.

Tightening Up Can Help

There can hardly be any reasonal opposition to President Eisenhower's insistence that every Federal employee must have a good character and be circumspect in daily conduct. Particularly in these sensitive times, it is not sufficient that the FBI and Civil Service Commission find no evidence of subversive tendencies against a present or prospective Government worker. That is negative recommendation at best. It can be reminded, as a simile, that there are many persons who have never been caught in a theft, yet are not thereby certain never to steal henceforth. The increasing security measures are phases of the changing times. In President Truman's era, a negative FBI check on disloyalty actions was considered enough. Things have moved fast since then. Standards are tightening.

Education in Actualities

An article in the Journal of Social Hygine is jubilant in relating how 7,000 students at a San Antonio, Texas, high school during the past six years have taken pioneer courses in "family life education," so the idea is no longer experimental. High school and college courses teaching youngsters how to rear their own future families and have happy future homes are common. Adult education courses for parents are not unusual. The San Antonio boys and girls, however, are coached in making their present homes happier, adjusting present members of those families, solving their own family problems. This gives the boys and girls current practice, much better than any mere precept, in things which are their tremendous concerns right now — not vaguely a decade or so hence. It applies airy theory directly, and not all school-taught theories of this field are confirmable yardsticks.

One of the first jobs of the new Republican national chairman, Leonard W. Hall, is to find out where his party stands on two proposals for revision of the presidential election system, now pending in Congress.

First, there is the Lodge-Cossett plan, once approved by more than two-thirds of the Senate, to abolish the present winner-take-all method of allotting electoral votes of each state and making the distribution instead of proportion to the popular vote.

In the entire nation, Eisenhower's 33,938,285 popular votes got him 442 electoral votes as against Stevenson's 27,312,217 popular votes and only 89 electoral votes.

Under the Lodge-Gossett plan, Eisenhower would have had about 292 electoral votes to 235 for Stevenson within the neighborhood of four electoral votes divided among seven lesser candidates.

The two arguments mainly advanced in favor of the latter method are that it would end one-party monopoly of Southern electoral votes and dilute the balance-of-power influence of the Negro and other racial group votes in the North and West.

Eleven Southern States divided their electoral votes, 71 for Stevenson and 58 for Eisenhower. Under the proposed change in system, the division would have been approximately 65.5 for Stevenson to 61.5 for Eisenhower.

Interest in the issue obviously has been fanned by the relatively close battle for the South in 1952, but whether it has increased or diminished support for the Lodge-Gossett plan remains to be disclosed.

It is safe to conjecture that if President Eisenhower chooses to support that proposal, its chance for adoption will be greatly enhanced.

In the Senate, in 1950, 23 Republicans and 46 Democrats voted in favor of the plan, and 18 Republicans and four Democrats against.

In the House the result was very different. There, only 86 Democrats and 48 Republicans noted "Aye," as against 116 Democrats and 93 Republicans saying "No." Two-thirds of both Houses are required for submission of the amendment to the states.

Awaiting hearing in both Houses, meanwhile, are several proposals for changing the method of nominating presidential candidates, based on the contention that rank-and-file voters have too little say in that regard.

Four Democratic senators—Smathers, Douglas Humphrey and Neely—have introduced proposals varying in detail but all pointed toward a nation-wide system of presidential and vice-presidential primaries.

Only 16 states now have any sort of provision for popular voting on nomination of presidential candidates and there are no vice-presidential primaries.

The biggest obstacle to nation-wide primaries is that, under the Constitution, the form of elections is left to the respective states and there is no recognition in the Constitution of political parties.

CROSSTOWN **By Roland Coe**

"As his father, I certainly feel I'm better qualified to judge his pitching ability than this fellow who's coaching his team."

more than caprices or deliberte efforts to stress the Communists' independence and equality.

One colonel who has been coming here for months had this interesting bit of advice on how to negotiate with Communists:

"Offer them a plan and they will accept it, in the long run, with some change. But ask them for their suggestions and you'll end up in endless arguments."

The English being spoken at these conferences would strike an outsider as slightly ridiculous. For example, when two colonels, an American and a North Korean, met, you could have heard them using a very cumbersome lingo.

The United Nations Command suggested that the exchange of sick and wounded be speeded up. To which Col. Pyong Il Lee of the North Korean army replied:

"Our side will study the proposal submitted by your side on the shortening of the time and answer your side later."

The next day Col. Lee said:

"Having studied the proposal submitted by your side yesterday, our side in principle agrees to accelerate the proceedings."

Then the American liaison officer, Col. E. L. Austin answered:

"The schedule suggested by your side is acceptable except for one point."

When it came time to deliver the American prisoners, there was a slight difference of opinion between an American major and his munist prisoners of war each on the following hours: 9:00, 9:10, 9:45, 9:55, 10:30, 10:40, 11:15, 11:25, 12:00, 12:10 and that litter cases be delivered at the 11:25 shipment.

First the Communists said "no." Then they agreed to study the U.N. William K. Harrison on our side and Gen. Nam Il on the opposite.

Any concessions by either side must have the approval of their respective governments and that takes much longer.

Horatio Alger, 1953

By HARRISON W. FRY

The old Horatio Alger theme still holds good in the United States.

From college janitor to professor in three years is the true life story of George Dolnikowski.

Three years ago, a displaced person, he landed in America, unable to read or write English, and barely able to speak it.

Today he is a graduate assistant to a professor at the University of Pennsylvania, a graduate and summer-school teacher at Juniata College, and a part-time professor at Crozer Theological Seminary.

He has traveled a long way since the days when, as a prisoner of war, he had nothing to eat but turnips and cabbage and bread twice a year, on Christmas and Hitler's birthday.

A graduate of Moscow State Pedagogical Institute of Foreign Languages, he was drafted into the Red Army as an interpreter at the beginning of the war. Wounded by a land mine, he was captured by a German patrol. When the Germans fled before a Russian assault he and other prisoners were left behind.

He made his way to Munich, sometimes posing as a soldier or a peasant. Later he reached Salzburg Austria, where he worked as a carpenter, janitor and stagehand with the Salzburg Music Festival.

While there he became acquainted with Joe Mow, of Church world Service. From this acquaintance he received assistance in joining 1,200 DPs who came to this country.

From the processing center of the church of the Brethren at New Windsor, he was sent as a janitor to Juniata College. The scholar, in the blue denim uniform of a janitor, was early recognized by professors of the college. Dr. F. A. McKenzie, emeritus professor of sociology, helped him with his English and Dr. Kenneth W. Crosby, professor of history, taught him his first college course. The two professors suggested that he aim at a college degree.

Dolnikowski had completed a four-year college course in Russia and it was found that many of his credits could be applied toward obtaining a degree here. His Bachelor of Arts degree was awarded him by Juniata last June.

Inspired by the opportunities of America, and aided and encouraged by Dr. George B. Clemens, Juniata's professor of modern languages, he applied and was accepted as a student in graduate studies at the University of Pennsylvania, where he has become a graduate assistant.

His father and mother, devout members of the Eastern Orthodox Faith, did not always agree with the Russians and they were seized and sent to Siberia in 1936. He escaped because he was visiting a brother at the time. To this day he does not know what happened to his parents.

Monument of an Era

By MARK DANA

Dedication of the Dearborn, Mich., home of the late Henry Ford as a museum and the efforts to screen the thousands of paper items found among his belongings after his death there April 7, 1947, focus attention anew on this pioneer industrialist who was a symbol of our new motorized era and helped initiate it.

Henry Ford had many ideas which in his day seemed odd. He established a minimum wage scale for his workers of $5 per day, big money earlier in the century. He cared little for academic education and even less for history. "The only history that is worth a tinker's dam is the history we make today," he asserted. His close friend, Thomas A. Edison, was even more outspoken on "book learning," and derided a college graduate who knew nothing save what was in books and could do nothing practical—remindful of Alonzo See who thought educating women was a waste of time.

Henry Ford was humanitarian enough to seek clemency for Bartolomeo Vanzetti, convicted with Nicola Sacco for the murder of a Massachusetts paymaster. Ford didn't believe the two had been convicted fairly and said so openly—as have many persons since then. Papers at the museum show the auto maker's meticulous honesty with his associates and employees; that for a long time he doubted the future of the horseless carriage; that he was more impulsive than politically astute in his political pronouncements; that he had enough moral courage to oppose the Army expedition to Mexico in 1916 when many other Americans were hysterically favoring the venture.

Henry Ford's legendary thrift was exemplified by the boxes and drawers stuffed with all sorts of notes, memo, paid bills, casual letters, pencil jottings, etc., along with important data. Apparently he never threw anything away. Possibly he was a string-saver and paper-bag saver, too, as are most tidy housewives. One gathers from the voluminous material he collected, and things written by and about him, that he never expected to found an automotive empire, and was always a bit surprised at what he had done. Yet the museum will provide a fitting guidepost for this and future generations in tracing our country's development, its changing tempo and habits, its modes of living. One keeps wishing that Henry Ford could have lived another 20 years to watch our development further.

Daily Bible Thought

Since we determine our own destiny, we in effect pronounce judgment on ourselves. To carry the memory of a dastardly deed into eternity is cruelty to ourselves. "Envy not the oppressor, and choose none of his ways."—Prov. 3:31.

Words of the Wise

Hath any wronged thee?—Be bravely revenged—slight it, and the work is begun: forgive, and it is finished. He is below himself that is not above an injury—Quarles

bands, both in numbers, gusto and color.

The Kentucky Derby eclipses 50 American races of greater importance, because there is about it an air of people who let their hair down, greet friends in their bedroom slippers, hate silk hats like poison and who think some of the sweetest words in any language are, "What'll you have?"

Robert Q. Lewis is fast and photogenic but he doesn't come close to the Godfrey mood. (Too much laughing at his own stuff.) Garry Moore comes closer on the evening Godfrey hour.

TWENTY EARS AGO — It was Thursday, May 11, 1933.

The Marion Junior Chamber of Commerce opened a campaign to obtain 50 new members by May 19. R. M. Wilhelm was chairman.

Gaston B. Means, testifying in his own defense on a charge of attempting to defraud Mrs. Evelyn Walsh McLean of $35,000 to use as ransom money in the Lindbergh kidnapping case, declared at Washington he knew who kidnaped the child, how it was killed and who got the $50,000 Dr. John F. Condon paid to ransom the infant.

Marion County was given a quota of 70 in the placement of young men in the recently organized CCC camps.

Daughters were born to Mr. and Mrs. Jay N. Greer of north of Marion and Mr. and Mrs. Russell Gorrell of E. Farming St.

Plans for the Harding High School senior class breakfast to be held May 19 at Hotel Harding were announced. In charge of arrangements were Muriel McMurray, chairman, Mary Lewis, Katharine Marshall, Bernard Brooks. Miss Mabel Turney was faculty advisor.

Mrs. Clara Olive Riley, 66, died at her home on W. Center St.

Mrs. Jay Maish was re-elected regent of Captain William Hendricks Chapter, DAR, in a meeting at Hotel Harding.

Mrs. Ralph White gave a report on a state convention when the Quest Club closed its season in a meeting at Ringer's Inn.

Radio and Television

By JOHN CROSBY

An Affair of Principle

I fail to understand how anyone can afford Paris anymore, a statement that will deter not a single stenographer from invading that lovely city this summer. Of course, the city's greatest charms have always been free (or almost free) — its palaces, its gardens, the Bois, Saint-Cloud, the river banks of the Seine, Notre Dame at night (especially if some sucker has been persuaded to pay 35,000 francs to have the flood lights turned on), and above all its endless curving tree-shaded streets.

John Crosby

But there comes a time when you get enough of monuments and chestnut trees and go in search of more frivolous entertainment. Then, brother, watch out. It comes high.

I sampled a good many of Paris' varied amusements and the most entertaining of them took place in a French police station. My companion and I had been at Carroll's, sitting at the bar drinking Scotch and listening to the gypsy music in the next room. The bill for three scotches apiece: 11,000 francs, which even by Parisian standards is outrageous. (That's about $31.)

-:-

WE PROTESTED. They were adamant. We refused to pay. They ejaculated. We marched out — straight into the arms of the gendarmes. And so off to the police station where the real entertainment began.

My companion, whose French is as perfect as mine is inadequate, bore the entire burden of argument against four desk sergeants, three other cops who had been playing cards but who got into the argument with relish and two representatives of Carroll's — quite an imposing list of adversaries.

We were arguing a matter of principle, something the French appreciate and incessantly indulge in. The air was aflutter with protestations of outraged innocense (on both sides), injured dignity and delicate but terribly polite malice.

After about 10 minutes, the uproar would cease abruptly and arms folded, we would all exchange hurt glares. (Here I could help out. I can glare in any language.) Then we would all pull out cigarets and, with immense might say that I'm aconnoisseur might say that I'm a connoisseur of jails, that I insist on the very best."

This was translated into French and I was assured instantly that the jail was tres gentil indeed, one of the very nicest jails in all France.

"Ask about the food. Tell them I have a very delicate palate."

The cops were beginning to enjoy this as much as we were. Monsieur, they said, was not only a man of principle but a man of discrimination. The food, they assured us gravely could not be bettered in any jail in Paris.

-:-

IN THE END, though, we paid. Two factors led us to accept defeat rather than to pursue principle any further. First, there is an enormous amount of red tape involved in getting out of a French jail. I was catching a plane to Rome the next day and I was afraid the legal niceties would make me miss my plane. Secondly—and much more importantly—I wanted a drink.

The next day I discovered that I probably could have sent out for a drink and without much trouble have persuaded the gendarmes to join us. I might even have wangled my way into that card game and won the 11,000 francs back. But by then it was too late.

Ah, well, it was worth 11,000 francs. For pure comedy, I found nothing else in Paris to match that jail scene. It had body, flavor and bouquet that could hardly be surpassed even by the Comedie Francaise.

But stay out of Carroll's unless you have a lot more dough than I have.

Social Affairs

MOTHERS of the members were guests at a party held by Nu Phi Mu Sorority Unit of Beta Theta Chapter Tuesday evening in the community room over the West Town Branch of the National City Bank.

Five pledges received pins during the evening, Miss Pat Wilson, Miss Pat Kohbarger, Miss Sally McGinnis, Miss Joan Almendinger and Miss Sue Kochensperger.

Guest speaker for the program was Mrs. Donna Irey, who gave a talk and demonstration on "Gift Wrapping." Special music was a piano duet by Janet Born and Susan Williams. A welcome to the guests was extended by Miss Joyce Cleveland, president of the sorority.

Refreshments were served from a table centered with a floral arrangement of red carnations and white snapdragons. Sorority mother's pins were on place cards as favors at each of the mothers' places at the table. Serving as hostesses for the evening were Miss Wilson, Miss Kohbarger and Miss McGinnis.

Guests included Mrs. Jack Born, Mrs. Harm Cleveland, Mrs. Clifford Leffler, Mrs. Byron Toombs, Mrs. W. G. Lyon, Mrs. Verna Kochensperger, Mrs. Robert Dorfe, Mrs. Delbert Wolf, Mrs. Albert Kohbarger, Mrs. Ross McGinnis, Mrs. Robert Wilson and Mrs. Paul Keller. Miss Betty Jenkins, sorority advisor, also was present.

The Les Mere's Study Club held its annual spring dinner Thursday evening at the Shangri-La Restaurant at the Marion Municipal Airport. Since the club name means "mother," that theme was carried out for the affair. Mrs. Kenneth McAdams gave a prayer in tribute to "mother." A theater party followed the dinner, with members attending the Hans Christian Andersen movie at the Palace Theater. Hostesses for the next meeting in the community room over the West Town Branch of the National City Bank will be Mrs. Harold Jenkins and Mrs. Paul Drake.

—:—

Mrs. William Stonebraker and Mrs. Robert Smith served as hostesses when the Child Study Club met Thursday evening at The Trees on Delaware Ave.

Guest speaker for the program was Dr. Glen Burton Jr., Marion optometrist, who spoke on "Visual Problems in Children." He was introduced by Mrs. Richard Myers.

A report on the central district convention held in April at Upper Sandusky was given by Mrs. Donald Schlientz. A special award during the social hour was won by Mrs. Schlientz.

—:—

A potluck supper and comic fashion show were highlights of a meeting of the Family Life Study Club held recently at the home of Mrs. Harold Kingsley, 916 S. Prospect St.

Devotions were conducted by Mrs. Lloyd Strickland, and members responded to roll call giving their "initials in flowers." A contribution of $10 was voted to the Magnetic Springs Polio Foundation.

For the program, a talk on "Grandma Moses and Her Life Story" was given by Mrs. Blaine Smith. For the fashion show, members wore dresses, hats and accessories they had received in exchanges at previous meetings.

Guests were Mrs. John Ewald and Mrs. Charles Klingel

Mothers of Pastime Club members were entertained Tuesday evening with a potluck supper at the home of Mrs. Harold Bell on Rose Ave. Prizes in games went to Mrs. Frederick Finch, Mrs. Jack Cottrill, Mrs. Ed Dempsey, Mrs. Onie Smith, Mrs. Alex Bell, Miss Priscilla Bell, Miss Donna Finch, Mrs. Charles Williams, Mrs. Robert Rief, Mrs. Maude Waford, Miss Doris Gorenflo, Mrs. Kenneth Gilmore and Mrs. Mary Montgomery. Other mothers present were Mrs. Eugene Scott, Mrs. James Price and Mrs. Herb Steubner. Plants were presented to the mothers. The next club meeting will be at the home of Miss Doris Gorenflo on Park St.

—:—

Secret sisters gifts were exchanged in honor of Mothers Day when the F.C. Club met Thursday afternoon in the home of Mrs. Edith Willmeth near New Bloomington. Mrs. Thelma Boblenz was a guest. Poems were read by Mrs. Ethel Hess and Mrs. Eileen Alexander. Mrs. Grace Whittington was presented a gift in ofbservance of her wedding anniversary. Mystery prize went to Mrs. Blanche Moore, and special gifts were won by Mrs. Grace Whittington and Mrs. Betty Whittington. In contests, honors went to Mrs. Betty Whittington, Mrs. Nora Berry, Mrs. Moore, Mrs. Alexander, Mrs. Hess, Mrs. Ardetha Clifton and Mrs. Boblenz. The next meeting will be held in the evening with Mrs. Bonna Rinmember. Miss Margery Eymon, retiring president, thanked her committees for their work during the past year and turned the gavel over to Mrs. Edgar Barnhart, new president.

Officers serving next year with Mrs. Barnhart will be Mrs. Lester L. Dickey, vice president; Mrs. L. D. Hamilton, recording secretary; Mrs. Leston Huntley, corresponding secretary; Mrs. James Smith, treasurer; Mrs. Kinter, civic chairman.

Founder's Day Dinner Held By Sorority Units

A joint Founders Day dinner meeting of four chapters of Delta Kappa Gamma Sorority was held recently in Marion with the local Eta Chapter as the hostess group, at Hotel Harding. Entertained were Iota Chapter of Delaware, Kappa Chapter of Sycamore, and Lambda Chapter of Mt. Gilead.

Miss Clara Alice Wilson, president of the hostess chapter, presided, and welcomed the guests. Responses were given by Miss Violet Garver, president of Kappa Chapter, Mrs. Margaret Boggs of Lambda Chapter, and Mrs. Hallie Patingale, incoming president of Iota Chapter.

The speaker was Miss Anna Jean Freeman of LaRue who has taught in Japan and Germany.

Decorating the tables were May poles, and place favors were dolls in pastel colored dresses. For the program, Miss Laura Kreinbihl of Kappa Chapter played a piano number, and vocal music was by a trio from Marion, Mrs. Catherine Brown, Miss Helen Thew, and Mrs. Viola Rinnert, accompanied by Mrs. Virgil Curl. Miss Linda Willauer, first president of Eta Chapter, read the sorority collect.

Miss Freeman, who is now a teacher in Columbus, gave an illustrated travel lecture. She spent two years each in Japan and in Germany. Her subject was "Travel Lures."

Those on the social and program committees included Misses Elizabeth Withrow, Helen May, Ruth Drollinger, Rhea King, Minnie Winder, Mildred Little, Audrey Bolander, and Helen Lott, and Mrs. Mary Pilkington.

Millions of Grasshoppers Hit Ranches in Southern California

BAKERSFIELD, Calif. (AP)—Embattled ranchers open an intensive war this week against the worst grasshopper invasion in the rich San Joaquin Valley in more than a decade.

Untold millions of the crop-devouring insects infest a belt between the Tehachapi Mountains and the green crop line on a 50-mile arc across the southern end of the valley. They have been sighted less than a mile from the sweeping vineyards of the big Di Giorgio Ranch, about 15 miles southeast of here.

Agricultural experts report that already 250 to 300 acres have been damaged by the hordes. Luckily, cool weather has kept them from moving. But with warmer temperatures in the offing, the legions must be wiped out quickly if grape, cotton and other crops are to be saved.

A farmer committee has raised a $60,000 war chest. A shipment of 10 tons of aldrin, a 'hopper poison, has been ordered from Denver. Four oil companies which operated wells in the valley have donated 25,000 gallons of diesel oil, to be mixed with the aldrin.

A trucking firm will provide six truck tankers and three crop-spraying firms will use 10 planes and pilots. The poison will cover 100,000 acres.

James Dutton, chief of the Grasshopper Control Division of the U. S. Agriculture Department, arrived by air from Washington last night to head the attack.

Hold Annual Lecture-Recital Club Spring Party

Annual spring party of the Marion Lecture-Recital Club Thursday evening at the home of Mrs. C. E. Lockwood on Leetonia Rd., featured a report on the National Federation of Music Clubs convention by Mrs. David W. Evans, and presentatopn of a light opera by four members, directed by Mrs. T. L. Berg who was also one of the performers. Mrs. Earl N. Hale, president, was in charge of business.

Dessert was served preceding the program by the social committee. Mrs. Lockwood opened her home for the event for Mrs. Warren J. Wise who was to have been hostess. Date of the party was changed from April to the first week in May to fall in National Music Week. Arrangements of the social committee were in charge of Mrs. M. E. Brown and Miss Arlene Houpt. In keeping with the spring theme, floral arrangements of white and yellow tulips were used, and adding to the color scheme were lighted blue candles. During business, changes in the club constitution were voted. Mrs. H. T. Williams made the presentation of the revised provisions.

Mrs. Evans, who is special members chairman of the Ohio Federation of Music Clubs, gave an account of the national convention which was held in New York City in April. She told of Ohio's high ranking place in the federation, with more special members than any other state, 400, as compared with about half that number for the runnerup. In telling of various phases of the program she praised highly the work of a young pianist claimed as a local artist, Theodore Rehl of Oberlin whose parents, Mr. and Mrs. Lloyd Rehl, live near Marion. He played in the young musicians' competition.

The amusing libretto, together with the appropriate music of Pergolesi's "La Serva Padrona" or "The Maid as Mistress" was presented by two solosits, a pantominist, accomapnist. This "opera buffa" was written in 1733 and has served as a model for all succeeding Italian composers who chose to use the comic opera form, Mrs. Berg explained. The two singing characters gave duets, arias, and recitatives "replete with the popular vocal gymnastics of the period." Costumes of the eighteenth century period were used. The plot evolved around the roles of "Dr. Pandolfo," who, at his wit's end trying to discipline his maid, was unaware of her desire to become "Mistress Pandolfo." This part was sung by Mrs. Carroll Conklin Jr. The designing maid, "Zerbina", was portrayed by Mrs. Benjamin tor into matrimony, was enacted by Mrs. Berg. Mrs. George Lane was the accompanist.

On the social committee with the co-chairmen were Misses Janet Geddis and Joy Miller, and Mrs. Levi Welch and Mrs. T. E. Reed.

U.S., Canada Study Arctic Ice Islands

WASHINGTON (AP) — The U. S. and Canada are studying floating arctic islands—ice cubes big enough for a plane to land on—to find out where they come from.

Weather reconnaissance flights to the North Pole brought the ice islands to light a few years ago, although they appear to be centuries old.

The Air Force said yesterday that two Canadian scientists, an Eskomo sled driver and 10 dogs were recently flown out on the Ellesmere Island ice shelf. Full-scale operation next year will send five men, supplied by air, in search of the source of the ice islands.

Steve Straub, operator of a crop-dusting firm, said the 'hoppers can strip a mile of vineyard in a day. If you drive a car across infested pastureland, he said, they'll rise in clouds to swarm over the hood and windshield and clog the radiator grill.

In the foothills they are thick—probably 1,000 to a square yard, he estimated.

"When we drop bait to them from the air it looks like the entire earth rises two feet," he added. "And that's no earthquake—that's grasshoppers!"

Examination For Annapolis Is Announced

Eighth District Congressman Jackson E. Betts today announced that the Civil Service Commission will conduct an examination for designation to the United States Naval Academy on Monday, July 13. There will be no vacancy at West Point since no Eighth District cadets are scheduled to graduate this year.

The purpose of the examination is to aid Congressman Betts in selecting one appointee to the Academy for the 1954 Class. Betts is utilizing the Civil Service examination as a basis for selection because he feels that all who are interested should be given equal opportunity to qualify, his Washington office announced.

To be eligible, a candidate must be a citizen of the United States; of good moral character; must never have been married; must have reached his 17th but not his 22nd birthday by July 1, 1954; and be an actual resident of the Eighth Ohio District. Candidates temporarily away from home on military duty or for other just cause may be examined elsewhere upon certification by Congressman Betts.

Since the examination will be open only to persons designated by Members of Congress, each applicant must submit his name, address, and date of birth to Congressman Jackson E. Betts, Room 442, House Office Building, Washington 25, D. C. by June 1. Applicants will be notified where to report for the examination.

Baked Deviled Eggs With Mushroom Sauce

For lunch on a May day, spread sunny atmosphere at your table.

One way to lend a gay note is to serve these peppy deviled eggs, baked in a sauce of cream of mushroom soup. This is one luncheon dish you can practically fix while you prepare breakfast. The family will love it!

BAKED DEVILED EGGS WITH MUSHROOM SAUCE

Ingredients: 6 hard-cooked eggs, cut in half lengthwise, 2 tablespoons mayonnaise, 1 teaspoon prepared mustard, dash salt and pepper, dash Worcestershire sauce, 1 can (1¼ cups) condensed cream of mushroom soup, ¼ cup milk, ½ cup shredded sharp processed cheese.

Method: Blend egg yolks, mayonnaise, mustard, salt, pepper and Worcestershire sauce; stuff into egg whites. Place eggs in a small shallow baking pan. Blend soup and milk; pour over ggs; sprinkle cheese on top. Bake in a moderate oven (375 F.) about 30 minutes or until lightly browned. Serves six.

Grange Holds "Musical Tea"

A "Musical Tea," in honor of mothers, was the program theme when Bethlehem Grange met on Wednesday night, May 6, in the Grange Hall. Mrs. Robert Dunlap, lecturer, was in charge.

Following talks pertaining to various musical numbers and songs, members of the Grange played or sang selections. These were as follows: Miss Marie Bender, speaker, Oscar Kaelber, cornet, and Richard Kaelber, trombone, played "My Blue Heaven;" Mrs. Charles McMahan, speaker. George Richardson sang and whistled, "Hot Canary," accompanied by Miss Patty Mohat; Mrs. Sarah Beckel, speaker, Miss Sue Denzer, played a flute solo, "Rustic Dance;" Charles McMahan, the speaker, Oscar and Richard Kaelber played "When She Wore a Tulip;" Miss Mary Ellen Knappenberger, speaker, Miss Jane Fogle played a piano solo "Valse Blue;" Mrs. Myron Bogart, speaker, with Mrs. Oscar Kaelber giving a tribute to mother. Group singing of "God Bless America" closed the program.

In the meeting, an appeal for aid was read and answered. At the next meeting, Floyd Barrett, former deputy of Crawford County and district representative of Farmer and Traders Life Insurance Co. will present the program. On the refreshment committee will be Mr. and Mrs. Oscar Kaelber and Mr. and Mrs. Lowell Beringer.

Girl Bruised In Collision Of Bike and Auto

Accident One Of Ten in Marion Over Week End

A nine-year-old bicyclist was slightly injured in one of 10 week end traffic accidents reported today by police.

Sharon Ann Wilson of 270 Spencer St. receievd a bruised right leg and foot when her bike and a car driven by Peggy Miller of 160 Spencer St. collided in front of 130 Spencer St. at 1:30 p.m. Saturday.

Mrs. Miller reported that she was driving north on Spencer St. and the girl was riding south on the sidewalk on the west side of the street. At an alley north of 130 Spencer St., Sharon Ann turned out into the street and ran into the side of her car which was nearly at a standstill, Mrs. Miller said.

Taken to the Marion City Hospital, Sharon Ann was treated for her bruises and sent home. The front wheel of her bike and the right door of the car were damaged.

A hit-skip accident occurred at N. Main and George Sts at 5:27 p.m. Sunday and resulted in damage to the left side of a pick-up truck owned by Howard Raymond of Augusta, Ga. He reported the accident at the police station along with the license number of the car which he said struck his truck. Police checked the license number and traced it to a Marion man who denied that his car was involved in the mishap.

Driver Charged

Bernard Seaton, 25, of near Marion was charged with reckless driving following an accident in the 400 block on N. Main St. at 1:35 p.m. Saturday. Police reported Seaton was driving north and struck a parked car owned by Mrs. Alice L. Larcom of 616 Ballentine Ave.

Four automobiles were involved in an accident at Mill St. and a north-south alley east of Main St. at 5:02 p.m. Saturday.

The accident occurred when a car driven by Clay E. Johnson, 37, of 180½ N. Main St. traveling south in the alley and another driven by Hazel L. Simmons of 436 W. Fairground St. traveling west on the north side of Mill St. collided at the alley. Following the collision, Mrs. Simmons car went on to strike two cars parked west of the alley and owned by Burdell Mulvaine of the Green Owl Trailer

Marion Group Has High Praise For Ice Show

Three members of the Marion Coliseum board of governors, which is sponsoring the Ice Cycles of 1953 here May 20-24, attended a matinee of the show at Canton Sunday afternoon and later were entertained at a dinner.

They were Harley Mayers, Clyde Hinamon and Clifford Smith. Mrs. Mayers and Mrs. Smith, also attended.

The Marion residents had high praise for the show. Mayers termed it "the greatest yet." He said some 3,000 persons attended the matinee in Canton.

Featured production of the Ice Cycles is Walt Disney's Cinderella. Some 40 skaters act out the fairy tale. The one-half hour act is part of a two and one-half hour show in which some 85 persons take part.

Margaret Field plays the role of Cinderella and Jimmy Lawrence plays the prince.

Ice Cycles will close Tuesday at Canton and then the show is at Troy from Wednesday, May 13 to Tuesday, May 19, before coming to the Marion Coliseum May 20 for an 8:30 p.m. performance. Night performances will be given May 21, 22 and 23 and there will be a 3 p.m. matinee May 24, as well as an evening show.

The local group were dinner guests of Jim Hendy of Cleveland, who is promoter of the show, at Hotel Onesta in Canton following the show at 4 p.m. Hendy is manager of the Cleveland Arena. Newspapermen and radiomen attended the dinner along with members of the Ice Cycles cast.

Patrol Lists Seven Traffic Accidents

All Occur Saturday; Involve Damage But No Injuries

A flurry of highway mishaps kept state highway patrolmen at the Marion post busy Saturday, although there wre no accidents reported on Sunday. No one was injured in any of the seven accidents, the patrol reported.

At 8:35 p.m. Saturday on Route 42, about half a mile north of Cardington, three cars rammed together in attempting to avoid hitting an unidentified oncoming car. A car driven by Madeline Byers, 32, of Akron, was hit by the oncoming car which was traveling in the left lane of the highway. Cars driven by Robert Martin Jr., 21, of Rea, Pa., and Rolon Killian, 21, of Kaysville, Utah, following the Byers vehicle, rammed together and into the rear of the Byers car, causing considerable damage to front of the Killian car and to the right side and front of the Martin car.

A dairy truck driven by Otis Bishop, 21, of Green Camp, was forced off the road on Route 23, just south of Marion at 8:25 a.m. Saturday while it was attempting to pass a car driven by Martha Jane Knickle, 19, of 226 Chicago Ave., Marion. The Knickle car attempted to pass another vehicle at the same time, patrolmen said. The truck went off the left side of the highway, hit a concrete

Schedule Exam For Fire Chief At Bucyrus

Special to The Star

BUCYRUS—Rollen Koons, chairman of the municipal civil service commission, announced here today that a civil service examination for fire chief will be held here Wednesday, June 3.

The examination is being held to pick a successor to Chief William F. Mader, 88, who is retiring July 1 because of failing sight. Chief Mader is believed to be the oldest active fire chief in the nation, both in points of age and years of service. He has been chief 65 years and a member of the department 70 years.

Chairman Koons said the examination will be in the form of a promotional test as applicants are limited to those now holding the rank of lieutenant in the departments. They are Ralph Mead, Robbert Gehringer and Fred Solze.

Civil service examinations also will be held the same date to establish an eligibility list for possible vacancies occurring in both the fire and police departments.

Resigns From Hospital Board

Mayor Names Dowler To Succeed Probst

Resignation of George H. Probst from the Marion Hospital Board of Commissioners was announced today by Mayor Harold F. Robinson.

In a letter to Mayor Robinson dated May 6, Probst said he wished to express his "sincere thanks for having had the privilege of serving for the past two years on the board." He said now that the hospital is well under construction, "it seems desirable, for personal reasons, that I withdraw from the board," and asked that the mayor appoint someone else to fill his unexpired term of office.

In announcing Probst's resignation today, Mayor Robnison said he planned to appoint Harry L. Dowler to the vacancy and would bring the appointment before City Council for confirmation at tonight's meeting.

Lecturer Tells How One May Find Happiness

Christian Scientist Says Spiritual Understanding Is Key

Happiness is here and always available to everyone, Theodore Wallach of Chicago told a large audience Sunday afternoon in a Christian Science lecture.

The key to happiness is spiritual understanding, he said. He described this understanding as the consistent recognition of man's relationship to God which blesses and heals.

Wallach spoke under sponsorship of First Church of Christ Scientist where Gail Miller, a member of the Marion church, introduced him. His subject was "Christian Science: The Key to Happiness."

One finds happiness by finding out the truth about himself, his real nature and character—but truth is far different from external appearances, he said.

Wallach said the ordinary material view of man and the universe is being doubted today by many natural scientists and physicists and that some of them now conclude that matter is not the basic substance of all things, and that everything is basically mental.

"Christian Science goes even further," he said. "It holds that consciousness is fundamental — that by bringing our thinking into line with the basic laws governing the universe, God's spiritual laws, we can bring good into our experience and overcome evil. That brings happiness."

The lecturer stressed that these basic laws are divine laws—laws making available unlimited good to man, and expressing the unchanging divine principle, the origin or cause of all things. He said principle is another name for God or the divine mind.

According to the speaker, lasting happiness comes from obedience to well defined spiritual law. He termed happiness the natural, reasonable effect of spiritual understanding.

In conclusion he said that Christian Science is based on the same law Christ understood and practiced in healing the sick. He added that these healings were accomplished by Jesus' exact knowledge or scientific understanding, of the true nature and relationship of God to man.

Ohio Traffic Fatalities Take Quick Drop

By The Associated Press

Three persons were killed in traffic accidents in Ohio during the Mothers Day weekend—the lowest death toll this year.

After the toll of 31 killed two weekends ago, Col. George Mingle, superintendent of the State Highway Patrol, put more patrolmen on weekend duty. Last weekend eight were killed.

Many Fail to Purchase House Trailer Licenses

A check is currently being made by the Marion County Auditor's office of house trailer occupants no. having purchased trailer tax licenses, Auditor Maurice Clements reported.

As of Saturday, owners of only 253 out of an estimated 400 trailers in the county had paid the annual tax of $18, Clements said. Trailer occupants not purchasing the tax license at the time of occupancy of the trailer are subject to a penalty of $50, the auditor warned.

School Entered, Nothing Taken

A break-in at Vernon Heights Junior High School sometime Friday night was reported today by Police Chief Tom Coon.

Herman Powelson, of 326 S. Grand Ave., janitor of the building, discovered the break-in at about 8 a.m. Saturday when he opened the building.

Chief Coon said entrance was gained by breaking open a basement door leading to the gymnasium.

Nothing was reported missing, and Chief Coon said that numerous small footprints on the gym floor indicated it was the work of juveniles.

bridge and overturned in a ditch. No one was injured. The front end of the truck was extensively damaged.

At 4:30 p.m. Saturday, two and one-half miles west of Kenton on U. S. Route 30-S, a car driven by Lawrence Lodato, 40, of Chicago, Ill., was forced off the road and into a ditch by an unknown car. Lodato told patrolmen the other car cut in too sharply after passing, striking the left front fender of his car. The Lodato car veered off the road into a ditch, but returned to the roadway.

A car driven by Isaac Hunt, 27, of 147 Washington Ave., was rammed in the rear by another car Saturday at 12:15 p.m., three miles south of Bucyrus, on Route 4. Driver of the other car left before patrolmen arrived at the accident scene. Hunt's auto received light damage. A car driven by Jack R. Abram, 19, of Columbus, hit a concrete bridge on a curve on Route 30-S, four miles east of Caledonia at 10:30 p.m. Saturday. The car then left the road on the right side. Slight damage was reported.

Michael J. Gibbons IV, 17, of Dayton, drove his car into the rear of another driven by Phyllis Abel, 29, of Bucyrus, at 9 a.m. Saturday on Route 4, three miles north of Bucyrus. The Abel car was making a right turn into a driveway. Force of the impact caused the Abel vehicle to overturn on the left side just off the highway. Extensive damage to the front of the Gibbons car and the rear of the Abel car was reported.

Bernard Crockett, 26, of Cleveland, escaped injury when his car crashed into some farm fence on Route 42, five miles south of Cardington at 9:30 a.m. Saturday. Crockett lost control of the vehicle which veered off the right side and then skidded off the left side of the highway, tearing down 119 feet of farm fence.

Kenton Mother Indicted For Manslaughter

Special to The Star

KENTON—Mrs. Wilma Shaw, 24, of Kenton, was indicted on a first degree manslaughter charge Friday in connection with the fatal beating of her son, Donald, 2.

After hearing two witnesses, the Hardin County grand jury deliberated all day before handing down the indictment.

Richard Shaw, 26, father of the child, was indicted on a charge of "unlawful cruelty."

Mrs. Shaw was originally charged with second degree murder in a preliminary hearing before Justice of the Peace Worley E. Smith. She had pleaded innocent to the charge.

Common Pleas Judge Arthur D. Tudor set the time for the Shaws' arraignment as Saturday morning, May 16.

County, she was a daughter of Peter and Miranda Wheeler Marvin. Her husband, Amaza Maze, died in 1936. She was a member of the Shiloh Baptist Church near Centerville.

of Internal Revenue office, and forwarded to the Columbus office for issuance. An estimate on the number of such applications filed with the Marion office during the fiscal year beginning July 1, 1952, was not available this morning.

The tax stamp for each pin-ball machine costs $10 a year.

A city ordinance specifying for the licensing of mechanical devices operated and used for pleasure is in existence in Marion city limits. This license costs the operator one dollar per machine, plus five per cent of the take.

City Auditor Elmer Shaw reported 70 such licenses for operating pin-ball machines in the city had been issued through his office since the fiscal year beginning Nov. 1, 1952.

The county has no such ordinance covering the licensing or taxing of pin-ball machines. However, all pin-ball machines must comply with the federal law in obtaining the federal internal revenue stamp.

The grand jury is in session to consider 14 cases ranging from manslaughter to fraud.

Sworn in for service on the jury this morning were Lena Johnson, Francis Walton, Robert Breece, Emerson Long, Marguerite Luke, Melba Huddleston, Margaret Smith, Mildred Pickett, Martha Chaney, Marie Everly, George Turner, Edna Wick, Lester Miller, C. E. Graham and Erwin Rowley.

Turner was appointed foreman of the jury and Walton was appointed clerk.

FINED ON CONDUCT CHARGE

Donald D. Underwood, 29, of 385 Commercial St. was fined $25 and costs in Marion Municipal Court today when he pleaded guilty to a charge of disorderly conduct. He was arrested at 3:46 a.m. Sunday.

John Morrison, 22, of Delaware, speeding, cited to appear May 16 in Municipal Court; Earl Krider, 22, of 438½ Davids St., Marion, permitting unlicensed minor to drive, cited to appear in Municipal Court today; Raymond LaBeau, 36, of Wyandot, Mich., passing on the yellow line, posted bond for appearance in Municipal Court May 16.

Many Attend Boat Show At Delaware Dam

A crowd estimated at 2,000 attended the Marlboro Boat Club's boat show and motor auction Sunday afternoon at the Delaware Dam area.

Some 15 to 20 boats were brought to be auctioned, as well as some three to four motors. A dozen were sold.

The show and auction, which got underway around 2 p.m., was held at concession stand No. 2, three and nine-tenths miles south of Norton on Route 23.

Some five dealers had boats, boat trailers, motors and boat accessories on display. Demonstrations were given in the water.

Women club members operated a concession stand at Area No. 2, which is entered from a road a mile south of Inskeep Corner on Route 23.

The club held a round and square dance at Ashley Grange hall Saturday night for members and friends.

the Crawford County Grand jury, which convened here today, Prosecutor John D. Sears Jr., reported.

Most serious case to be considered by the jury is the manslaughter charge filed against Mrs. Gladys Hoffman, 45, in connection with the fatal stabbing of her husband, Harlan D., 60, during a wine-drinking party at the Hoffman home in Crestline, March 15.

Mrs. Hoffman has admitted to Prosecutor Sears and Sheriff Elwood F. Jacobs that "I probably must have stabbed him....but if I did, I did it in self-defense." She has been held in the county jail here since the stabbing.

Other cases include: Warren Tucker, assault and battery; Daniel David Nixon Jr., auto theft; Oliver Bishop and Roy Washam Sr., Crestline, non-support; Kenneth C. Sawyer, Bellevue, leaving the scene of an accident, and Donald E. Rogers, Galion, issuing check without sufficient funds.

The jury is expected to conclude its session Wednesday or Thursday.

Dismiss Hit-Skip Case In Municipal Court

A hit-skip driving charge against Arthur H. Laube, 36, of 34 Windsor Apartments was dismissed by Municipal Court Judge W. Dexter Hazen Saturday morning.

Laube was charged with leaving the scene of an accident in a warrant signed by Dr. John F. MacGregor of 29 Windsor Apartments.

Dr. McGregor charged hat sometime the previous night, a car had struck his car and damaged the front bumper and grill.

Police found a long strip of chrome trim lying in the street near Dr. MacGregor's car and later identified it as torn from the side of Laube's car.

Laube said the accident occurred at 1 a.m. and the damage was so slight he saw no reason to wake the doctor at that time to tell him about it.

The case was dismissed after Dr. MacGregor filed an entry at Municipal Court stating that he did not wish to prosecute Laube.

Bradley Set to Retire

By DON WHITEHEAD
(For James Marlow)

WASHINGTON (AP)—Gen. Omar N. Bradley has served his country in uniform for almost 40 years and the older soldier—still youthfully vigorous and hearty at 60—is now preparing for an active retirement.

Bradley has no intention of trying to cling to the chairmanship of the Joint Chiefs of Staff which he has held for the past four years. In fact he has told friends he already has accepted a job which will keep him busy for years to come. He's keeping secret what his new job will be.

Recently he told a friend: "At first I thought I'd just retire to catch up on my fishing and hunting—and take things easy. But I've noticed that my friends who tried that kind of retirement didn't live too long.

"I'll have a job that will keep me mentally active and still leave me some time for hunting and fishing. It will be best that way."

But across this land there will be many veterans of World War II and other citizens who will regret to see Bradley step from active duty. For there has grown up among soldiers and civilians alike a "Bradley cult."

It's not that these people think Bradley can do no wrong—but they have faith that even in his mistakes Bradley has an integrity and honesty which shows no compromise with honor.

The "Bradley cult" had its beginning back in North Africa when Bradley was a major general with his first combat command. He had come to North Africa to act as Gen. Dwight Eisenhower's eyes and ears at the front—where the Allied armies weren't doing too well in a bogged-down winter campaign.

Finally there was a shakeup in commands, and Bradley took over the American 2nd Corps. His handling of the corps in the final drive to conquer Tunisia became the talk of North Africa.

With this achievement under his belt, it was a logical move for Eisenhower to put Bradley in command of the corps which spearheaded the fighting in Sicily. Again Bradley distinguished himself.

I suppose the late Ernie Pyle did more than anyone else in those days to bring Bradley's name to the public's attention. Ernie called him "the GI's general" and the tag stuck because it was so descriptive of Bradley, who looks a great deal more like a schoolmaster than a military man.

Bradley's handling of troops in Sicily pleased Eisenhower so much that he named the Missourian to be his top commander for the invasion of Normandy.

Bradley played a major part in mapping the strategy for the invasion, the breakthrough at St. Lo, the liberation of France and the conquest of Germany.

After the war, he served for a time as head of the Veterans Administration, and then he was chosen to be chairman of the Joint Chiefs of Staff.

In this latter role, he has gone through some stormy periods and come under fire for the policies which he has supported. Perhaps the stormiest period was when he openly opposed the proposals by Gen. Douglas MacArthur, ousted as Far Eastern commander by former President Truman, to extend the Korean War to hit Chinese bases in Manchuria.

In all this, Bradley has steadfastly maintained that the duty of the military was not to make policy—but to present the military facts of life so that civilian leaders could make the policy.

He was pained by MacArthur's revolt against established policy. And likewise he has been deeply disturbed by Gen. James A. Van Fleet's active campaign for a change of policy in Korea. Bradley has made clear to friends his belief that such revolts are damaging to civilian control over the armed forces and to military discipline.

Soon Bradley will pass on these problems to someone else and if his plans work out he will find himself a place in the role of a civilian.

As for his place in history, this is already secure.

Eleven 8th Graders To Receive Diplomas

Eleven Waldo eighth graders will receive their diplomas in the Waldo School auditorium on Tuesday, May 19. The commencement exercises are scheduled for 10:30 a.m.

The invocation and benediction will be given by the Rev. William F. Kissel, pastor of the Evangelical and Reformed Church at Waldo. Ivan R. Barnhart, assistant Marion County superintendent of schools, will give the commencement address.

Special vocal music will be given by the entire class accompanied by Nancy Augenstein. The class history will be presented by Merrill Miller; an accordion solo, by Janet Ravencraft; and Jean Fogle and Cindy Groll will present a bell lyre duet. Mrs. Mary Salisbury is instrumental music director and Mrs. Martha Rice is vocal supervisor. George W. Miller is the class sponsor.

Members of the eighth grade class are: Cindy Groll, president; Kathleen Oborn, vice president; Jean Fogle, secretary; Carolyn Schultz, treasurer; Arthur Ruth, student council representative; Nancy Augenstein, Sondra Henry, Merrill Miller, Lavonne Witzel, Carl Whitehouse and Janet Ravencraft.

Following the commencement exercises, a PTA committee will serve a picnic lunch to the students and guests. After lunch, grade cards will be issued and school dismissed for the year.

High School Has No Valedictorian

BRASHER FALLS, N. Y. (AP)—There'll be no valedictorian or salutatorian — and no hard feelings—at St. Lawrence Central School's commencement next month.

The school burned down last Christmas vacation. All the student records went with it, and there was no way to choose the two top scholars.

Instead, five of the 34 seniors will speak at their graduation June 22.

We rushed to the scene. Fortunately, the smoke was much greater than the flame. Little actual damage was done. Nevertheless, we immediately notified our adjuster. Proof of Loss forms were completed quickly.

Within seven days we handed our policyholder a check for $46.25, the amount of the loss in full.

He was amazed at the PROMPT CLAIM SERVICE. He wondered why he received such good service since his claim was small.

Picture of a Man Relaxing!

The next time you find yourself alongside a new Cadillac at the traffic light—take a good look at the gentleman behind the wheel.

The odds are overwhelming that you'll see a man relaxed and at ease.

For serenity is part and parcel of the great experience of driving a 1953 Cadillac. In fact, owners frequently take to the highway just for the relaxation the car provides.

And well they might. For here, beyond all question, is one of the surest therapeutics for the tension of work-a-day life!

Just sitting there in the driver's seat is enough to put a man at ease. The cushions are deep and luxurious and restful . . . the wheel is perfectly positioned for the driver's hands . . . and beauty and comfort and spaciousness are in every direction.

And *driving* a Cadillac is as restful as *sitting* in a Cadillac.

That great, powerful engine responds as if by magic. Steering is feather-light and effortless . . . and braking calls only for the slightest pressure from the daintiest foot.

All in all, the car's ride is so smooth and level and quiet that it's difficult *not* to relax!

Of course, if the driver has chosen a Cadillac Air Conditioner* for his car, he *refreshes* as he *relaxes.* With a simple adjustment of a single lever, he can lower the car's interior to any normal temperature he desires —even in the warmest weather.

Yes, it's little wonder that the man in the Cadillac always looks so comfortable and happy and relaxed. In plain fact—*he is!*

* * * *

Why not come in soon and let us give you a personal demonstration of the magnificent 1953 Cadillac?

We'll gladly put you behind the wheel—for the most *relaxing* hour you ever spent on the highway.

*Optional at extra cost.

Charge Miners With Murder

CLAY, W. Va. (AP)—Forty-eight mine pickets were housed in two jails 40 miles apart today to await a week-end hearing on charges of murdering a 29-year-old nonstriking miner.

The 48 crowded into Magistrate Belle Hamrick's office yesterday and stood grim-faced and silent while a state trooper read the single warrant charging them in the shooting of Charles Frame last Thursday.

Prosecutor James Reed said all 48 were charged because none of them would individually admit firing the shots that killed Frame.

Twenty-five were whisked away to the Kanawha County Jail at Charleston to await their preliminary hearing here Friday.

The others were returned to the nine-cell Clay County Jail, where all 48 had previously been jammed since their mass arrest Thursday.

Frame was slain in a burst of gunfire about 4 a. m. while he and other nonstrikers were patrolling the area. Three others were wounded.

Businessmen travelling by trains in Germany have at their disposal compartments with desks and all necessary office supplies.

IN THE SERVICE

Pfc. Nerol Cope, son of Mr. and Mrs. R. L. Cope of the Canaan Pk., who presently is serving in France, underwent an operation on his arm and hand on March 24. He has regained use of the hand and arm which were injured in a fall about eight months ago. Pfc. Cope has been assigned to the tailoring unit of his camp and he is at the 306th Field Hospital, near Vasincourt, France. He went overseas in August, 1952.

Air Controlman 3-c Wilbur F. Mochel Jr., USN, son of Mr. and Mrs. W. F. Mochel of south of Marion, has returned to Alemeda, Calif., where he will be assigned to the Naval Air Station. He spent a 30-day leave at home after completing a 12-month tour of duty at the Naval Air Station Adak, the Aluetians, Alaska. A 1951 graduate of Pleasant High School, he entered the navy on May 24, 1951, and received his boot training at Great Lakes Naval Training School, Ill. He received his general airman's training at the Naval Air Station at Jacksonville, Fla., and his air controlman's schooling at Olathe, Kansas. A guest in the Mochel home during his leave was Air Controlman 3-c C. W. Parfitt of Pittsburgh, Pa., who returned from Adak at the same time. He has gone to San Diego, Calif., where he will be stationed aboard the aircraft carrier, U. S. S. Kearsarge, soon to leave for Korean waters.

Pfc. Virgil B. Hite, son of Mr. and Mrs. Daily Hite, of north of Marion, has been selected as the best soldier of his regiment at Ft. Belvoir, Va. for the month of April. He is assigned at Ft. Belvoir as a clerk-typist for the faculty board. He is a graduate of Morral High School and Ohio State University. He entered the Army in February, 1952.

FIND MASTADON BONES

AKRON, O. (AP) — Laborers tried today to drain a pit in which well-preserved bones of a prehistoric mastodon have been found. Ditch diggers discovered the monster's skelton Saturday on the farm of Arthur J. May of nearby Mogadore, east of here.

Father, Son Are Held In Van Wert Shooting

VAN WERT, O. (AP)—Sheriff Wilmer Clay today held two men for questioning in the shooting and knifing of a Van Wert tavern owner.

Clay identified the men as Lonnie Brumback, 68, of Middlepoint, and his son, Jack Brumback, 25.

The sheriff said the father orally admitted shooting Robert Fickel, 28, who runs a tavern and gas station, and that the son said he knifed Fickel.

No charges have been filed against either Brumback. Fickel was reported in critical condition at Van Wert Hospital with three bullet wounds under the heart, a 14-inch knife wound on the left side and wounds in the left elbow and foot.

State laws provide for an examination of Life Insurance companies?

In addition to the rigid standards and strict supervision by its *own* management; every life insurance company is subject to periodic examination from stem to stern by the State insurance departments.

The purpose of this comprehensive examination is to determine the financial stability of the company and the soundness of its operations.

Not only is a physical count made of the securities and mortgages owned by a company and their valuations checked, but analysis is also made of cash transactions, operating expenditures and the adequacy of reserves.

So comprehensive and thorough is the examination that, depending upon the size of the company, it may take from a month or two up to a year or more.

Where a company operates in a number of states, the examination is conducted by the insurance departments of three or more of the states in which it does business. This examination is made on behalf of all the states, under the rules and standards of the National Association of Insurance Commissioners.

To you, as a policyholder, this is a supplement to the continuous supervision by management.

FEPC and Highways Main Issues

Ohio Legislature Goes Into 19th Week With Important Action Near

By REED SMITH

COLUMBUS, O. (AP)— The Legislature headed today into a rugged 19th week featuring battles over FEPC and highways.

The action was due on the House floor Tuesday and Wednesday. Both the House and Senate resume at 4:30 p. m. today.

Republicans planned for the show-down on their big highway construction program Wednesday. Leaders generally predicted its adoption in the face of expressed Democratic intent to accept the GOP axle-mile tax on trucks as a substitute for Gov. Frank J. Lausche's weight-distance levy.

The new tax would apply to trucks with three or more axles, based on the number of axles and the distance trucks traveled. Rep. Roger Cloud (R-Logan), who authored the proposed, said it would produce more revenue than a weight-distance tax and with less costly administration.

The axle tax and a cent a gallon increase in the four-cent tax on gasoline and diesel oil would raise an additional 42½ million dollars a year for new highways, Republicans estimated.

Other portions of the program include more road money for local subdivision and a 750 million dollar bond issue to cut construction time from 20 to 10 years. Voters would have the final say on any bond issue at the polls.

The bill by Rep. Williams S. Burton (R-Cuyahoga) to ban racial discrimination in employment will come to a vote Tuesday. Burton, son of U. S. Supreme Court Judge Harold H. Burton, said the proposal is patterned after Cleveland's FEPC system.

The measure proposes a state director under the department of industrial relations. He would operate through county boards with enforcement up to courts. The measure would apply to employers with 12 or more workers, to labor unions and employment agencies.

Other measures up for a vote Tuesday include a proposed toll bridge between Sandusky and Cedar Point and a bill designed to save the state $100,000 a year. It would be done by shifting to political sub-divisions the cost of auditing their books by state examiners under the state auditor.

On Monday's House calendar John W. Bricker (R-Ohio) against treaties that override the federal Constitution.

Other House committees will conduct hearings on proposals to:

Increase the tax on wine imported from other states; require annual state auditors of the Ohio Turnpike Commission; control of Lake Erie shore erosion; increase old age benefits; impose mandatory jail sentences on drunk drivers; ban discrimination in pay rates because of sex, and permit discharge of state employes for membership in subversive organizations.

Senate committees scheduled hearings on proposals to:

Require improved rural telephone service as voted by the House; tighten coal strip mining laws; revise allocations to local governments; tax comic books, increase public employes retirement system benefits, and require bank examinations only once a year.

Morral Church Women Make Banquet Plans

"We Cannot Love Without Sharing" was the worship theme at the Wednesday meeting of the Morral Methodist Church Women's Society of Christian Service. Prayer was offered by Mrs. J. True Yocom and Mrs. Mary Wood gave the Scripture reading. "A Prayer" was given by Mrs. Wilson Massie.

Hostesses were Mrs. Robert Campbell, Mrs. Wilson Massie, Mrs. Wayne Scott, and Mrs. John Marshall.

Readings from the study book were given by Mrs. Mary Wood, Mrs. Massie, Mrs. William Hughes, Mrs. Yocom, Mrs. Scott and Mrs. W. W. Morral. The work of the service Guild was discussed by several members.

A vocal duet, "I Think When I Read That Sweet Story of Old," was presented by Mrs. Campbell and Mrs. Scott. Mrs. Massie concluded the program with prayer.

During the business meeting, plans were made for the mother-daughter banquet to be held May 15 at 6:30 p.m. at the Morral Fire House. A $50 donation from the group was added to the church ex-

CROWN CAVALCADE — The PREDECESSORS of ELIZABETH II

No. 19: Henry VII, first Tudor king of England. Ruled 1485-1509.

King Henry VII and (at right above) *his autograph. He originated "Star Chamber proceedings" to punish nobles who oppressed the poor.*

Born: 1457, his claim to the throne came through his mother's being a great-great-granddaughter of Henry IV. As Earl of Richmond and leader of the House of Lancaster partisans he defeated the House of York followers at Bosworth. Richard III wore his crown to battle. He was killed and the crown placed on Henry VII's head on the battlefield. Henry had a second coronation in proper order at Westminster. His subsequent marriage to Elizabeth, eldest daughter of Edward IV, reconciled the contending houses and ended the War of the Roses. Historians speak well of Henry VII. He stopped importation of luxuries, encouraged home industries and restored England's shattered trade. In seeking a new route to China for British merchants, the Cabots discovered Newfoundland.

London Bridge, built in 1209, was like a village itself in Henry VII's time. Shops, homes, and even a chapel (the extended building in the center), *lined its toll roadway. Henry founded the Yeomen of the Guard, England's first standing army.*

Predict Steel Market Will Remain Firm

CLEVELAND (AP)—Short of a big depression, there will be no surplus steel available, Steel magazine predicted today.

The metalworking journal said rising prices won't reduce the demand and added "as long as steel customers continue to enjoy their present high level of business they will buy steel regardless of price."

A "moderate decline in business," the magazine continued, will only "inspire steel producers to put some steelmaking capacity on a stand-by basis or to retire it permanently."

Some of the mills now in operation are "old and can be operated only at high cost," said the journal.

While base prices on a few products have been boosted, "no general increase in base prices is expected unless the CIO steelworkers win a pay increase," the magazine said, adding that the "industry will not be stampeded into granting a wage boost. This time the government will not interfere with the negotiations."

Highr prices have been mainly for "extras"—special kinds and forms.

Production dropped half a point last week to 100 per cent of the nation's rated capacity.

BIBLE CLASS MEETS

When the Mary Martha Bible Class met at the Calvary EUB Church Parish House recently, Miss Pearl Tuttle, former Marion resident and missionary on furlough from Panama, conducted devotions. The class voted to pay expenses of two tenement children from the city to camp for a week at Mont Lawn, New York. Sewing was done for a Japanese orphanage. Hostesses were Mrs. Marie Russell, Mrs. Helen Coldwell and Mrs. Irene Thomas.

were measures to allow Cuyahoga County an additional probate judge and to create an Ohio School survey committee. The survey measure carries a $75,000 appropriation. The committee would be charged with seeking a solution to Ohio's recurring school financing and other problems.

The "blue ribbon" House Public Affairs Committee Monday night will conduct hearings on two Senate-House resolutions.

One would limit Ohio governors to "two terms of four pears." The proposal by Rep. Harry K. Crowl (R-Montgomery) would require a change in the state Constitution, a matter subject to the final say of voters at the polls.

The other is a Senate-approved proposal calling on Congress to adopt a proposal by U. S. Sen.

Inside Labor

Secret Government

By Victor Riesel

So now everybody's excited because the crime syndicate, the system, the mob — call it what you will — has executed a tough-fisted longshoreman on the Jersey water-front.

RIESEL

Why all the excitement? What does everybody expect? The mob won't just waft away because we fellows write pieces in the papers and a few crime commissions scratch at the international system. We're dealing with a secret government, run by a clandestine cabinet which has a private army of enforcers sufficiently equipped and politically protected to safeguard a national income running upward of at least $25 billion — that's right, billions—a year.

-:-

THE KEFAUVER committee reveals on page 13 and 14 of its second interim report, 1951, that it traced "conservatively" a crime syndicate take of $20 billion a year in gambling alone.

Add billions more in loan sharking, shakedowns, and especially narcotics, which is the backbone of the waterfront rackets — and you know where this secret government gets its millions for defense of its underworld.

So the syndicate heads are hardly disturbed. These investigations and these newspaper pieces are just a headache — a business headache which has to be handled in typical syndicate fashion.

Just a murder here and there, courtesy of some of the outlanders for the New York waterfront boys who are in trouble at the moment.

When the heat is on New York waterfront boys, that's something that has to be cared for by the top.

-:-

NEW YORK Harbor isn't just the area for a local gambling chain which took in $10 million a year, nor just the source for a port-wide shakedown - shape - up take of $350 million a year.

It's the narcotics gateway into America. And the system will kill to protect that. I just has.

It's all intertwined with control of certain longshoremen locals and certain piers.

That's what the national AFL is learning the hard way. It isn't just a matter of dumping Joe Ryan.

It's a matter of keeping Ryan and some of the boys from taking the New York section of the International Longshoremen's Association out of the AFL and going independent—a tactic which Ryan and his counselors are now discussing.

-:-

THAT WOULD mean some force would be needed to go out on the waterfront and shoot it out with the controlling crowd.

At this minute no one in the AFL top leadership knows just what the Federation can do.

One official has even thought of bringing in an ex - CIO leader who has considerable standing in the Italian community and might be able to lead it in revolt against the Mafia and the others.

But that is just one of many schemes which the AFL leadership keeps conjuring up and rejecting. None of them can work without federal aid to crack the political protection which has caked over the system in several decades.

There are many crusaders on the waterfront and in civic and journalistic life who shout against the mobs, but neglect pointing a finger at the political leaders who made the system possible.

-:-

WITHOUT ripping up the political alliance the syndicate will never be smashed. Otherwise it will be able to salvage parts of the Longshoremen's Union for its overall operation.

Control of the union is vital for two reasons.

First, the thought of attacking a union frightens off many an investigating politico.

Second, smuggling tricks make it "very difficult" to nab the stuff aboard ship. So it's taken off with the aid of some longshoremen, a handful, but still some.

That's a strong reason for the national syndicate's interest in waterfront labor.

So until the federal government moves in, the secret government will operate each of its own departments — including its execution squad.

GREEN CAMP—Donald Schwaderer resigned as councilman at the May meeting of the village council. William O'Hara was appointed to fill the unexpired term.

First reading was given Ordinance 95 which provides that the Ohio Edison Co. shall have the exclusive right to distribute electric current in the village. William Gracely, village solicitor, explained the legislation. Harold Grigsby of the Ohio Edison Co. was present at the meeting. It was decided that a special levy or assessment will be placed on the November ballot seeking more money in the general fund with which to pay for the street lights. Attends Two-Day Workshop For Nursing Leaders

The Marion County Health Department was represented at a two-day workshop for nursing leaders held recently in Philadelphia, Pa., by Mrs. Anne B. Sedelmaier, supervising nurse of the department

Attending the workshop, second of a series of eight regional workshops being sponsored by the American Nurses' Association, were approximately 100 representatives from nine state nurses associations.

States represented at the workshop included Delaware, Kentucky, Virginia, West Virginia, Maryland, Pennsylvania, the District of Columbia, Ohio, and the Canal Zone.

Since membership in the ANA and the state nurses associations is based on sections according to occupational fields of nursing, reorganization of already existing sections and organization of new sections was a major topic under consideration.

Plans for section participation in all ANA programs, including Economic Security, Legislation, Placement and Counseling, Public Relations and Research came under discussion, with particular emphasis on research studies to determine functions, standards and qualifications for the practice of nursing. It was hoped that data resulting from these studies will form a basis for more efficient use of professional nursing personnel and for determining what nursing tasks can be safely undertaken by auxiliary personnel, thereby alleviating shortage without endangering the public.

Sen. Morse Attacks Ike's Power Policy

WASHINGTON (AP) — Sen. Morse (Ind-Ore) says he would welcome Secretary of the interior McKay as an opponent when he runs for re-election in 1956.

Appearing on an NBC television program yesterday, Morse assailed the Eisenhower administration's power policy, and termed "a tragic betrayal of the public interest" McKay's decision to sidetrack public development of the Hell's Canyon power project in Idaho.

An interviewer asked Morse about a report that McKay, former governor of Oregon, might run against him for the Senate.

"See if you can talk him into it," Morse said. "I'd welcome it. It would certainly draw the issue. Because if you ever had two men with a different philosophy — one that believes as in my case that the people's interests ought to come first, and one that believes big business ought to keep first—there would be the contest to show the difference."

WALLET WISDOM

SACRAMENTO, Calif., (UP) — Robert L. Bowen still isn't sure how safe a place his hip pocket is for his wallet but he knows now there are worse places. A man he met in a bar warned him of the danger of losing a wallet from a hip pocket and demonstrated with Bowen's wallet. Several drinks later they parted, and the wallet went with the stranger.

Tornado Loss Set at Million In Nebraska

Town of 2,000 Is Flattened, 69 Are Hurt, 18 Seriously

HEBRON, Neb. (AP)—The massive job of cleaning up this tornado-wrecked town of 2,000 in Southeast Nebraska got under way in earnest today as scores of volunteers moved in with picks and shovels.

Bulldozers edged up and down the main streets clearing them of rubble, including more than 100 smashed cars.

A tornado cut a five-block swath through the town Saturday night. No one was killed but 69 persons were hurt, at least 18 seriously. Twenty - five business and 24 homes were demolished and 53 businesses and 62 homes damaged extensively.

Outside town, eight farm homes were destroyed and 11 others extensively damaged. At least 80 other farm buildings were shattered and seven damaged.

Mayor Ralph Hawkins estimated damage "at least a million and a half dollars," adding, "That is just a preliminary estimate. We have not had time to make a complete survey."

Portable generators returned power to the blacked-out town yesterday but it was expected to be late today before utilities could be restored.

A curfew was put into effect last night to keep people off the streets as Nebraska state patrolmen and National Guard units from Beatrice and Fairbury, Neb., and Belleville, Kan., patrolled the town.

CIRCLE HEARS READINGS

Three readings, "Aunt Melissa On Boys," "The Trials of a Butcher" and "A Warning," by Mrs. C. C. Metz highlighted the Wednesday night meeting of the Philathea Circle of Emanuel Lutheran Church. The group met at the educational building. Mrs. Walter Axthelm had charge of the devotions. A gift was reported sent to the Mars Lutheran Home in Mars, Pa. Other features of the evening's program included the reading of Dr. Norman Vincent Peale's article, "Live On the Happy Side" by Mrs. John Loeffert, and a vocal duet by Mrs. Carl Hoffman and Mrs. Curtis Laubner, accompanied by Mrs. William Ackerman at the piano. Guests were Mrs. Nettie Ridgley, Mrs. Metz

DIDN'T OUST MOBSTERS. Longshoremen's boss Joseph P. Ryan tells members of the Senate crime subcommittee that he has done nothing about an AFL order to rid his union of racketeers. The New York labor leader said that he is also powerless to oust ex-convicts from working on the waterfront docks.

Illinois Auto Crash Kills Six Persons

EAST ALTON, Ill. (AP)—Six persons, two of them babies, died last night in a blazing automobile following a two-car collision.

Illinois state police said all were riding in one car which was struck from behind, apparently causing the gas tank to explode.

Madison County Coroner Ben F. Staten said the four adults have been identified as Mr. and Mrs. Fred Heise Jr., and Mr. and Mrs. Peter Johnson, all of St. Louis. Staten said the children apparently belonged to the Heise's.

$101,074 In Auto Tag Fees Distributed

The first distribution this year from 1953 auto license fee revenues to Marion County amounted to $101,074, County Auditor Maurice Clements reported.

This portion was part of a total $15,450,000 distributed to Ohio's 88 counties by the state motor vehicle registrar.

Including a $2,228 balance from the period ending Dec. 31, 1952, a total of $103,302 was distributed to the various governmental subdivisions, Clements said.

Getting the largest share was the Marion County Maintenance and Repair Fund, which received $77,223. The remainder of $26,079 was distributed to the city of Marion and county villages as follows: City of Marion, $23,376; Caledonia, $411; Green Camp, $250; LaRue, $523; Morral, $223; New Bloomington, $109; Prospect, $816; and Waldo, $368.

MARSHAL TO TAKE OATH

COLUMBUS, O. (AP) — Federal Judge Mell G. Underwood will swear in Howard C. Botts of Wilmington, as U. S. marshal for the Southern Ohio district today. Botts served three terms as Clinton County sheriff. He is a former president of the Buckeye State Sheriff's Association.

Death Claims Publisher At Lancaster

R. Kenneth Kerr, 54, Dies of Heart Ailment; Was Sawyer Partner

LANCASTER, O. (AP) — Members of the staff of the Lancaster Eagle-Gazette will serve as pallbearers Wednesday for R. Kenneth Kerr, publisher of the paper. He died Sunday of a heart ailment at 54.

Services will be held in Kerr's home, Rosebank, and burial will follow in Lancaster's Maple Grove Cemetery.

Former U. S. Secretary of Commerce Charles Sawyer will head the list of honorary pallbearers. Kerr was campaign manager for Sawyer when he was elected Ohio lieutenant governor in 1932.

Kerr once operated a group of weekly newspapers owned by Sawyer and had an interest with him

R. KENNETH KERR

in the Waverly News, a weekly published by Kerr's younger son, John M. Kerr. Sawyer is president of the Eagle-Gazette Co.

Kerr once served as U. S. marshall for the Southern Ohio District and had an active hand in Democratic politics.

He was president three terms of the Ohio Newspaper Association, and headed the Democratic State Press Association and the Ohio Select List of Newspapers. He held an associate membership in Sigma Delta Chi, professional journalism fraternity.

Kerr founded the Logan Daily News and then moved to Lancaster as publisher of the Lancaster Daily Eagle in 1935. When that paper combined with the Lancaster Gazette in 1936 Kerr became publisher of the merged dailies.

Kerr began his newspaper career in the advertising department of the Wilmington News-Journal. At his death he was a member of the board of directors of that newspaper. He also had worked on the Lima Times-Democrat.

Kerr attended Wilmington College and Ohio State University.

He was born in Washington Court House.

A widow, two sons and a daughter survive.

The patrol team of Marion Shrine 15, White Shrine of Jerusalem, and a group of members took part in the Supreme Shrine meeting at Milwaukee, Wis., Tuesday through Thursday.

Marion's delegation included Francis Fields, patrol team drillmaster, and Mrs. Fields, Mrs. Roxie Davis, patrol team pianist, and members of the team, Mrs. Sarah Bricker, Mrs. Lula Spain, Mrs. Geraldine McKeehen, Mrs. Isabelle Goyer, Mrs. Marguerite Anthony, Mrs. Florence Thompson, Mrs. Gladys Haas, Mrs. Cora Laughman, Mrs. Erma Melby, Mrs. Ruthe Rieser, Miss Wanda Geddis, Mrs. Helen Bonham, Mrs. Mary Fisher, Mrs. Lula Brobst, Mrs. Laura Eicher, Mrs. Annabelle Gandert, Mrs. Mildred Miers, Mrs. Sylvia Spiegel, and Mrs. Ruby Blake. Also taking part were officers of the shrine, Mrs. Minnie Baughman, James Ralston, Mrs. Evelyn Williams, Mrs. Mary Ames, and Mrs. Kathleen Harruff, accompanied by E. C. Baughman, Mrs. James Ralston, and Charles Eicher.

Tuesday night a banquet honoring patrol team members was held in the Bamboo Room of the Medford Hotel. Wednesday afternoon, a parade was held of the 37 Shrines attending, and in the evening, drill demonstrations were given. Sight seeing was the order for Thursday morning, and this was followed by visit to a television show. Mr. and Mrs. Eicher were honored on the show and given a prize in celebration of their fiftieth wedding anniversary which they will observe in the near future. On the return trip by train, the entire group was invited to ride on the new "super dome" coach which has a glass dome for observation. Arrival

VFW Wants May 1 Set As "Loyalty Day"

WASHINGTON (AP)—The Veterans of Foreign Wars today asked Congress to designate May 1 as "loyalty Day" to counter yearly Communist observance of that day.

Retired Adm. Leland P. Lovette, public relations director for the veterans group, said in a statement for the House Judiciary Committee such action would be "one of the positive steps that can be taken in rallying the people of the United States against communism."

The committee has before it a bill by Rep. Van Zandt (R-Pa), former VFW national commander, to designate May 1 as "Loyalty Day."

Heads Community Club at Pleasant

C. M. Gorby was named new president of the Pleasant Community Club at the recent election of officers. Serving with him will be: Mrs. S. E. Somerlot, vice president; Mrs. C. D. Pilkington, secretary; and Myron Halley, treasurer.

It was voted to furnish refreshments for the pre-school clinic. A number of the Community Club women were appointed to help with the clinic. Mrs. John Peacock, ways and means chairman, announced that a bake sale will be held in the near future.

Mrs. Emerson Deitsch, chairman of the committee to decide on equipment to be bought with proceeds from projects this year, reported that there would be about $350 for forthcoming projects.

After the meeting, refreshments were served with Mrs. LeRoy Fetter, Mrs. Lowell Mack and Mrs. John Peacock as the refreshment committee.

Scores Delay On Dillon Dam

WASHINGTON (AP)—Rep. Secrest (D—Ohio) told Congress today 19 miles of railroad grading is being eaten away by delay in construction of Dillon Dam on the Licking River above Zanesville, O.

Secrest made this statement for a closed session of a House appropriations subcommittee which is considering army engineers' requests for funds to operate their flood control and navigation programs during the year that starts July 1.

The Ohioan said so far $8,783,700 has been spent on the Dillon project, chiefly to build the railroad right-of-way between Zanesville and Newark, O.

"To spend eight million dollars only to have it wash away is the poorest kind of economy," Secrest said.

The dam project, which would cost an estimated $26,626,000, was not included in either the Truman budget or the Eisenhower revised budget.

Secrest urged no specific sum, but stressed he felt enough should be voted so work could progress "immediately in the interest of sound economy."

"It is good economy," he said, "to complete this project, which will result in great savings in flood protection and water conservation."

He pointed out that the dam itself would be an earthen structure and would require only a minimum of critical materials.

NOMINATE OFFICERS

First nomination of officers for the next six-month period was held by Paramount Council 37, D. of A., Tuesday night at the IOOF Hall. Mrs. Virginia Egnor, associate councilor, was in charge in the place of Mrs. Gertrude Miller who has been ill. A committee on resolutions concerning the death of a member, Mrs. Rachel Stephenson, was named. The charter will be draped at the first meeting in June. A meeting of the Officers and Team Club will be held Wednesday at the home of Mrs. Dorothy Swearingen at 1049 Davids St., with Mrs. Phyllis Yost and Mrs. Rose Seiter as hostesses. Following the next council meeting there will be entertainment and refreshments.

APPROVED BY THE GOLDEN RULE ORDER

A funeral service is a mighty complex thing. The personnel involved must be thoughtful and well-trained. The equipment available must be modern. The merchandise involved must be suitable and fairly priced. And the funeral home itself must be both beautiful and capacious enough to meet the requirements of the family and their friends.

You'll find, either by experience or by asking friends who are in a position to know, that Schaffner-Denzer's offer all these things, in full and generous measure. That's why our service is the automatic choice of so very many families in and around Marion.

— the fate of those still unwilling to return would be settled by a political conference.

"What then," Harrison asked Monday, "is your further proposal for the ultimate solution of this problem if the political conference cannot arrive at a settlement?"

North Korean Gen. Nam Il, chief Red delegate, didn't answer, but stuck to earlier contentions that any such problem could be settled by a political conference.

He prefaced the statement with: "Our side does not acknowledge at all that there are prisoners who illogically refuse repatriation."

Nam Il said that continued Allied questioning of the Communist proposals was delaying the armistice negotiations. He added that details "can easily be decided upon through consultation."

Harrison charged the Communist delegates with failure to explain satisfactorily their eight-point plan.

"Yesterday," he added, "our side asked a number of questions concerning the nature of the explanations you propose will be made to the prisoners . . .

"You have failed to answer those questions today. We see no justification for a period of four months for explanations."

Harrison also wanted to know communist views on the size of armed forces to be sent to Korea by the five neutrals to supervise the prisoners, to whom the commanders of each armed force would be responsible and who would pay their expenses.

While the American general spoke, a North Korean interpreter sat across the room and blew smoke rings.

"As I stated yesterday," Harrison concluded, "there would be no purpose in our two delegations concluding an agreement on broad principles unless such an agreement can be implemented."

A last will and testament, or a codicil thereto, may be signed any day of the week, including Sundays and holidays.

Fire Destroys Small House

Loss Set at $600 In Unoccupied Home

A small two-room house on Keener Ave., just west of Sherwood Ave., burned to the ground Saturday at 9:25 p.m. before city firemen could reach the scene.

Loss of the house, owned by William Schwartz, of N. Main St., was estimated at $600 by Fire Chief O. A. Sifritt. Apparently a short circuit in the wiring caused the blaze. Wiring from the house to a utility pole was also burned.

Occupants of the house had moved earlier in the day, according to the report. Only a few pieces of furniture were in the house at the time of the fire.

Engines from the W. Center St. and Central stations answered the call.

Firemen were summoned at 3:55 p.m. Saturday to the corner of Church and Prospect Streets when a short circuit in a car owned by Mrs. Winifred Eaton of near Prospect caused damage of $25. Firemen from the Central station extinguished the fire.

RECOVER BODY

SANDUSKY, O. (AP)—An unidentified body, recovered from Sandusky Bay near Johnson's Island, lay at the Fry Funeral Home today. Police Capt. Jack Darby said the man had apparently been in the water since early winter.

Indians Take Lead in American Loop; Dodgers Pass Phils

Hoskins Saves Feller For First Victory

Rosen Clouts 2; Ray Boone Blasts Grand Slammer

CLEVELAND (AP)—With a slight hold on first place, the Indians put on a one night stand against the White Sox tonight before heading east to take on the Yankees.

Bob Lemon, who has beaten the White Sox six times in a row, will pitch for Cleveland against Billy Pierce.

One would imagine owner Bill Veeck of the St. Louis Browns would be suitably impressed with the Indians after they beat his team in a three game series in St. Louis, ending with Sunday's 12-3 triumph.

Instead, he insisted the Yankees would again win the pennant.

Dave Hoskins rescued Bob Feller Sunday and won his first major league victory.

Not only did Hoskins pitch shutout ball from the time he entered in the seventh, but he socked his first major league homer, for three runs, in the eighth.

This is the same Hoskins who blanked the Yankees on two hits in five innings in the 11-1 New York victory here.

For the first six innings Virgil Trucks was in complete charge, allowing the Indians only five hits and no runs. Hoskins' double in the seventh was the tip that Trucks was losing his stuff.

In the eighth, Al Rosen started things with a homer into the left field bleacher seats. Shortly after that Larry Doby, who had walked, was called out at second on Harry Simpson's grounder.

Bob Young dropped the throw, but the umpire said he held it long enough. Manager Al Lopez of Cleveland got so sore he announced the game was being played under protest, since at that point the score was 3-1.

This was unnecessary. Later there was another Rosen home run, and Ray Boone finished up a ninth inning slug party with a bases loaded home run.

Major League Hitters On Homer Spree

By JOE REICHLER
AP Sportswriter

If anybody has put the rabbit into the baseballs, it' s news to the Philadelphia Athletics and Phillies.

While nearly every other club was blasting the ball out of the park yesterday, the two Philadelphia clubs were held to only two extra base hits in three games yesterday. And they were measly two-baggers by the A's Eddie Joost and Eddie McGhee.

Consequently, it is not surprising that the Washington Senators dumped the Athletics in both ends of a double-header, 8-0 and 6-2, while the Brooklyn Dodgers wrested the National League lead from the Phillies with a 5-0 triumph. The A's twin losses were their fifth and sixth straight setbacks.

Bob Porterfield permitted the A's only one hit in the opener, a seventh-inning single by Joost. That gave Manager Jimmy Dykes' light-hitting crew the unenviable distinction of being handcuffed with no hits, two hits and one hit in a space of four games. Not since the same Athletics were victims of no-hitters on Sept. 4 and 7, 1923, has a team's bats been stilled so thoroughly within such a limited time.

In contrast to the slumbering Philadelphia bats, those of the other clubs were really alive. A total of 27 home runs were bashed yesterday. They included two each by Cleveland's Al Rosen and Cincinnati's Andy Seminick, a grand slammer by the Indians' Ray Boone and three pinch-hit homers by Bobby Hofman of the New York Giants, Del Wilber of the Boston Red Sox and Grant Dunlap of the St. Louis Cards. Even pitchers joined in with Washington's Porterfield and Cleveland's Dave Hoskins hitting homers.

Four Cleveland homers accounted for all but one of the dozen runs the Indians tallied in the final two innings to rout the St. Louis Browns, 12-3. Rosen snapped Virgil Trucks' seven-inning shutout skein with his first round-tripper in the eighth. Hoskins, Boone and Rosen again homered in the eight-run ninth. The victory, credited to relief pitcher Hoskins, boosted Indians into the American League lead by two percentage points over the Yankees, despite New York's

SHORT SPORTS

By John Short

Ohio's football fandom seemed evenly divided Saturday as they left the Buckeye Stadium after watching Woody Hayes' first string Reds whip the second liners, 35-19.

Predictions ranged from a Big Ten title and a Rose Bowl trip to a dismal season at the Buck campus. Only two things were apparent when the smoke of battle cleared away.

Hayes had proved to some 15,000 fans he would field a high scoring machine comes next September. Spearheaded by Howard "Hopalong" Cassady and the pinpoint passing of Johnny Borton, the first team rolled along at will.

SHORT

Cassady stole the show with a 98-yard gallop when he pulled down an enemy pass at the Red goal line. In all he crossed the goal line four times.

Borton and Cassady with Bobby Watkins and Sophomore Jerry Harkrader should jolt a lot of Big Ten linemen when the campaign opens in September.

Hayes will be well stocked with passers for the campaign. Borton, of course, will serve as the first-string thrower with able assistance coming from Dave Leggett. During the Saturday action, played in a blistering sun near the 80-degree temperature mark, Borton cut loose with 18 aerials. He connected on 13 for a gain of 144 yards. Leggett, throwing for the Whites, hit on 12 of 18 attempts for a gain of 147 yards. Two of Leggett's heaves were pulled down by the opposition, including the long jaunt by Cassady.

Line play before the sun began taking its toll was vicious at times and ragged at others. On the whole, the linemen gave a good account of themselves and should sharpen considerably before actual

Church League Opens City's Softball Action With 3 Games Tonight

The 1953 Marion Recreational Softball Program will get under this evening when the Church League will stage three games under the arcs at Garfield Park.

The St. Mary Number 2 team and Trinity Baptist will officially open the season in the first game at 6:15 p.m. and the Church of the Brethren and Epworth will follow at 7:30. St. Mary No. 1 will meet Wesley in the final game set to begin at 8:45.

St. Mary, defending champions of the league, will field two teams this season after consolidating its two squads during the 1952 season. The Church League will sponsor a total of seven teams, with each squad drawing a bye during the first and second round of play. Greenwood drew the bye for tonight's games.

The Commercial League will stage three games at Garfield Park Tuesday evening with Industrial League Number 2 scheduled for

Beulah Park Races to Go As Scheduled

18 Horses Die In Blaze At Grove City Track

COLUMBUS, O. (AP) — Races at Beulah Park will be held as scheduled today despite Sunday's fire which killed 17 horses, including five entered in today's races.

The fire broke out in a newly-built stable. Firemen said it was caused by a short circuit.

It came almost exactly two years after a similar blaze killed 33 horses at the track in nearby Grove City.

The horses, 16 thoroughbreds and a stable pony, were valued by their owners at $52,000.

One of them, named Excited, was purchased by owner Gale Osborn of Olney, Ill., just one hour

Both Hurlers Go Route

Cincinnati Sweeps Pair From Cards, 4-2 and 5-2

CINCINNATI (AP)—The Cincinnati Redlegs Sunday came through with a double triumph over the St. Louis Cardinals by scores of 4-2 and 5-2.

They richly deserved the two victories and the 14,525 fans let them know it.

The double victory marked the first time a Cincinnati pitcher has gone the full route (and both Bubba Church and Ken Raffensberger qualified).

Steve Bilko started off the scoring in the first game by hitting a two-out, bases-empty homer for St. Louis in the fourth inning, but the Redlegs took the lead in the bottom half as Ted Kluszewski walked and Jim Greengrass whacked a 3-2 pitch for his third home run.

Catcher Andy Seminick hiked the Redleg margin to 3-1 in the fifth with his second circuit blow of the campaign. The Redbirds narrowed the gap to one in the sixth, but Seminick hit his second consecutive homer in the seventh with bases empty. Seminick and Greengrass accounted for all five Cincinnati hits.

Wilmer "Vinegar Bend" Mizell was charged with his first loss against two victories, while Church now boasts a 2-1 record.

In the finale the Redlegs jumped on starter Cliff Chambers for two runs in the first inning.

Three walks, a sacrifice, an error by Bilko, Kluszewski's steal of second and Rocky Bridges' long fly made for two runs without a hit.

Two singles and a sacrifice upped Cincinnati's lead to 3-0 in the second and a well-executed double steal in the sixth, with Greengrass swiping home, made it 4-0.

Raffy's bid for his 31st major league shutout was quashed when Peanuts Lowrey homered in the seventh. Bob Borkowski led off the Redleg seventh with a home run and Grant Dunlap ended the scoring with a pinch-hit four-master for St. Louis in the eighth.

Stan Musial finally ended his streak of 21 times up without a hit as he singled in the first inning of the second game.

Wins $6,900 Golf Prize

Dallas Golfer Takes Top Purse at Ardmore

ARDMORE, Okla. (AP)—A smiling young Dallas golfer, a professional only three years, packed his clubs today and drove home with a $6,900 check in his pocket, first prize in the $21,300 Ardmore Open Golf Tournament and enough for a down payment on a Dallas home.

It was a big victory for Earl Stewart Jr., now the PGA's top money winner of the year with $10,850, who shot a 2-over-par 282 for 72 holes on the tough 6,483-yard Dornick Hills Country Club layout.

The tournament's bonus plan upped the total prize money to $41,070, and proved a godsend for dozens of struggling young pros on the spring trail.

Stewart shot a sizzling 67, 3 under par, in the first round, and found himself tied for the lead with Ed Oliver of Palm Springs, Calif. He followed with a 68, then coasted with a 73 and 74 for the final rounds when high winds spelled an abrupt finish to most sub-par efforts.

Behind Stewart came Jerry Barber of La Canada, Calif., with a 285, good enough for second place and a $3,000 prize.

Oliver and Jimmie Gauntt, Oklahoma City, wound up tied for third a stroke behind barber and collected $2,350 checks.

MERCHANTS TO PRACTICE

The West Town Merchants softball team will hold its final practice session tonight at the Marion Power Shovel diamond. The team will begin regular season play Tuesday night. The practice session is scheduled for 6 p.m. A team spokesman said uniforms would be issued at tonight's drill.

West Virginia U's basketball team scored 100 points twice and 99 once during the 1951-52 season. All three

the Yankees despite New York's half-game margin in games won and lost.

The Yankees didn't hit any homers but they collected 14 safeties including four doubles to down the Red Sox, 7-4. Vic Raschi relieved starter Allie Reynolds for New York and was credited with the victory. There were two Boston Homers, one by catcher Sammy White, the other by pinch-hitter Wilber.

Detroit shortstop Harvey Kuenn hit his first major league home run to help the Tigers defeat Chicago, 8-6 in the first game of their double-header. The White Sox took the second game, 10-5. Steve Souchock of Detroit and Sherman Lollar of Chicago also hit for the circuit.

Homers by Clyde Vollmer and Porterfield off loser Harry Byrd accounted for five Washington runs in the Senators' first game win over the Athletics. Jim Busby and Jack Jensen connected for Washington in the second game.

The circuit clout also played a prominent role in the Giants' sweep of two games from Pittsburgh, 4-0 and 3-2. Don Mueller hit a sole homer and Davey Williams' hit a three-runner off Murry Dickson to account for the Giants' first-game runs as Sal Maglie spun a three-hit shutout. Hofman's pinch-hit homer in the ninth snapped a 2-2 tie in the second game.

Roy Campanella, the hottest hitter in the majors, drove in all Brooklyn's runs with a homer and double off Karl Drews of Philadelphia. In the meantime, young Billy Loes blanked the Phils to six singles.

Cincinnati got only five hits off Vinegar Bend Mizell of the Cardinals but three were home runs and the Redlegs won the opener, 4-2. Besides Seminick's two homers, there was another by Jim Greengrass. The Redlegs also won the nightcap, 5-2, as Bob Borkowski chipped in with a grand circuit wallop. Cardinals homer hitters were Steve Bilko, Peanuts Lowrey and Dunlap.

Max Surkont and Don Liddle pitched the Milwaukee Braves to a double win over the Chicago Cubs, 6-2 and 4-1. Roy Smalley and Preston Ward homered for Chicago and Johnny Logan hit one for Milwaukee. Liddle, with Milwaukee of the American Association last year, hurled a two-hitter (both by Smalley) in his major league starting debut.

competition.

Visiting coaches and newsmen were wondering if the Buckeye defense could be ironed out. Darkest spot in the picture, as spring training closed was the pass defense. All three of the TD's against the first string came on passes from Leggett. While Leggett was showing near-perfect control, his receivers were shaking the varsity defenders with amazing regularity.

While Borton's passing kept the Reds moving, the offense proved it could also put together a sound ground game when the need arose. Watkins, Cassady, Harkrader and Borton rolled up 178 yards on the ground to add to Borton's aerial gains. The Whites picked up 108 yards on the ground.

Despite the death of the platoon plan which had been predicted as the end of the small man in college football, little Tad Weed played an important part in Saturday's squad game. Weed converted four for four for the winners and kicked one of three for the Whites.

Bob Joslin, Dick Hilinski and George Jacoby along with Mike Takacs and Jim Reichenbach proved they can handle the line plunge of about any power runner.

Among the spectators walking away convinced that Hayes might weld his present squad into his best OSU team was Coach Paul Brown of the Cleveland Browns. He was particularly interested in Hilinski who is tabbed for the Browns following his graduation from Ohio State.

ing to turn roughhouser.

Furious with Umpire Jim Duffy for ruling Mickey Mantle safe at first base in the fifth inning of Sunday's 7-4 loss to the Yankees, Goodman blew his top.

The 145-pound second baseman stormed after Duffy, a rugged fellow who weighs about 210.

What would have happened had they met must be left to the imagination because just then Boston's Jim Piersall rushed between them.

Piersall restrained his teammate, but good. So vigorously did he carry out his peace-making task that little Billy wound up in the hospital.

Piersall grabbed Goodman around the chest from behind and lugged him bodily to the dugout. That bear hug caused a minor but painful injury that physicians described as a strain of the costal cartilage of the ribs.

Youth Killed In Speedway Accident

UNIONTOWN, Pa. (AP) — Donald Guseman, 19-year-old son of the owner of the new Uniontown Speedway, was killed Sunday as his auto overturned during a stock car race.

The victim's father, William Guseman, a coal operator and proprietor of the Sycamore Hotel near here, was among the 4,000 persons who witnessed the mishap. Young Guseman was thrown out of his machine after failing to negotiate a curve during the 25 lap feature race over the quarter mile track.

Kansas City Leads By 2 in AA Race

By The Associated Press

The Kansas City Blues, continuing a hot streak that has blazed eight straight victories, not only captured the American Association lead over the week end but expanded it to a two-game bulge.

The Blues Sunday conquered Toledo 5-1, behind Harry Schaeffer's four-hitter, and Indianapolis dropped two games to Louisville, 9-4 and 7-6.

In other Sunday games, St. Paul beat Columbus 7-0 in the first game of a scheduled doubleheader, with the second postponed because of rain, and Minneapolis hopped from the cellar into sixth place by beating Charleston twice, 12-11 and 6-1.

Schaeffer had a no-hitter going for seven innings against Toledo but Paul Rambone broke it up in the eighth with a triple that eventually led to the Sox' lone score.

WIN DOUBLES

before the blaze.

Owner Pat Mitchell said one of his horses which was killed, Dr. A, arrived at the track just 10 minutes before the fire.

Osborn said he lost 12 horses; Mitchell said he lost five, including two he valued at $10,000 each. They were Cocaine Lil and Trouble maker.

Four of the horses were ordered destroyed by veterinarians because they were so badly burned.

Beulah Park opened a 19-day spring meeting Saturday. The horses which died were quartered in a concrete-block stable which had been completed a week ago.

leans, tied for fifth with 289s and took home $1,500 each.

There was a three-way tie for eighth between Loddie Kempa, Oklahoma City; Ted Kroll, New Hartford, N. Y.; and E. J. (Dutch) Harrison of Ardmore, the host pro. Each collected $1,013.33.

The bonus plan, originated by Waco Turner, oil-rich sponsor of the tournament, was the main topic of conversation.

Four golfers eagled to win prizes of $500, the low scorers of each round collected $500 checks, and birdies, at $15 each, cost Turner $10,770. The total bonus money was $14,770.

Snead Wins Greenbrier; Ben Hogan Finishes Third

WHITE SULPHUR SPRINGS, W. Va. (AP)—Sam Snead, playing what for him was a ragged game over his home course, still managed to beat the field yesterday and pocket $2,000 from the Greenbrier Open Golf Tournament.

Snead wound up with a 72-hole total of 268 for his four days work—the highest total in the history of the five-year-old meet. But he was still 12 strokes under par for the par-70 Old White course of 6,368 yards.

Second with 271 after a blistering 64 for yesterday's final round was Jack Burke Jr. of Kiamesha Lake, N. Y. His take was $1,000.

Ben Hogan, who had been expected to make a battle of it with Snead, fired a 69 yesterday and finished in a tie for third with Clayton Heafner of Charlotte, N. C., each with a total of 272. They won $600.

Snead, complaining of a hurt hand at the start of the tournament, fired a 2-under-par 68 yesterday for his highest score of the four days. His previous cards read 67, 67, 66.

It was his third straight Greenbrier victory. He lashed par for 16 strokes last year, and was 17 under the year before. Cary Middlecoff, in winning the Greenbrier inaugural, was 15 strokes under, and Hogan carved it up for 21 strokes lower the second year.

Others in the top 10:

Felice Torza, St. Andrews, Ill., 273, $450; Lou Barbaro, Deal, N. J., 274, $400; Henry Picard, Cleveland, 275, $350; Clarence Doser, Scarsdale, N. Y., 276, $300; Pete Cooper, White Plains, N. Y., 278, $250; and Al Smith, Danville, Va., 278, $250.

Doser teamed with Ray A. Graham Jr. of Long Island, N. Y., for the winning best ball score of 121. That victory netted Doser $1,000.

NEW CHAMPION. Parry O'Brien, University of Southern California Olympic star, set a new world's record in the shot put in the West Coast Relays at Fresno, Calif. He became the first man in history to toss the 16-pound ball 59 feet, ¾ inches.

Yonkers Track Opens Grand Circuit Meet

YONKERS, N. Y. (AP)—Harness racing's Grand Circuit will invade Yonkers Raceway tonight for a two-week stand that will present many of the top trotters and pacers in the country.

The Grand Circuit, sulky racing's major league, is celebrating its 80th anniversary this season. An organization of 14 harness tracks, was founded in 1873 by Utica, Buffalo, Cleveland and Springfield, Mass.

Three stake races are scheduled during the first week, the $5,000 Rye trot on Thursday, the $7,500 Riverdale pace Friday, and the $5,000 Scarsdale pace Saturday.

Ted Rambo Takes Feature Event at Marion Speedway

Stock car racing fans were treated to a thrill-a-minute Sunday night in the weekly racing show presented at the Marion Speedway, as Ted Rambo — driving a borrowed car, walked off with the big 25-lap feature event.

Rambo — driving Dick Grice's car — edged past Bill Krohmer at about the 19th lap and managed to hang on to the lead as the cars crossed the finish line. Several cars piled up and a few minor collisions made the finale even more thrilling. At one time, the cars were slowed down, while a couple of stalled cars were moved from the center of the track. During that time cars were forced to hold their positions. Krohmer led at that time, but shortly thereafter Rambo moved out in front. Bob Harris finished third.

Thirty-two cars answered the starter's flag, after most of them had taken part in races earlier in the day at other tracks. Krohmer had scored a clean sweep in the afternoon at the Tiffin track and won one of Sunday night's heat races.

Many of the drivers travelled distances of over 100 miles to participate in last night's events. Cars from Kenton, Delaware, Carey, Wooster, New London, Fremont and Ridgeway joined others from Marion, Richwood and Mt. Gilead.

Winning heat races were Bill Collier and Bill Krohmer of Marion, Clarence Ray of Ridgeway and Dick Moffitt of New London. The consolation event was won by Dude Grice, last week's feature winner. The Australian pursuit race was won after three laps by Ray Walton of Wooster, as he passed the field. Finishing second was Emerson Dyer of Kenton.

Most of the action and bumping took place in the feature event, as 26 cars started the 25 lap event. Billy Collier jumped off to an early lead, lost it to Krohmer, and was running far ahead in second when he tangled with another car on the south turn. It was at this time that Rambo started his move and culminated when Rambo passed Krohmer and went on to win the event.

Ray Walton of Wooster set the pace in the time trials and set a new season's mark of 25.11 seconds. This clipped one second from the mark set last week by Dude Grice. Dude posted the second best time with a 25.55 and Chet Howard of Mt. Gilead turned the track in 26.24 seconds to better Grice's time of last week.

"Notice is hereby given that on April 3, 1953, The Ohio Fuel Gas Company filed with the Public Utilities Commission of Ohio, a complaint as to certain of its rates for natural gas now in effect in the following Ohio communities: Big Prairie, East Greenville, Kirkpatrick, Lakeville, Leesville, Little Sandusky, Monnette, New Pittsburgh, New Winchester, Pavonia, Pleasant Home, Red Haw, Reedsburg, Rowsburg, Windsor and Wyandotte. The new rate proposed by said company for a period of two (2) years is as follows:

For a period beginning with the periodic meter readings taken on or after the effective date of this rate and continuing therefrom for a period of Two (2) Years:

Thirty Cents (30c) per one hundred (100) cubic feet for the first 500 cubic feet used through each meter each month;

Six Cents (6c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Six and one-half Cents (6½c) per one hundred (100) cubic feet for the next 95,000 cubic feet used through each meter each month;

Six Cents (6c) per one hundred (100) cubic feet for all in excess of 100,000 cubic feet, used through each meter each month;

A Minimum Charge for each customer each month of One Dollar and Fifty Cents ($1.50) shall be made;

A Delayed Payment Charge of five per cent (5%)) but which in no instance shall be less than Ten Cents (10c), shall be added to the above charge if the bill for the monthly reading period is not paid within the time prescribed by the Rules and Regulations of the Company

From and after the expiration of the aforesaid two year period and for a further period of Two (2) Years thereafter;

Thirty Cents (30c) per one hundred (100) cubic feet for the first 500 cubic feet used through each meter each month;

Six and one-half Cents (6½c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Seven Cents (7c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Seven and one-half Cents (7½c) per one hundred (100) cubic feet for the next 95,000 cubic feet used through each meter each month;

Eight Cents (8c) per one hundred (100) cubic feet for all in excess of 100,000 cubic feet used through each meter each month;

A Minimum Charge for each customer each month of One Dollar and Fifty Cents ($1.50) shall be made;

A Delayed Payment Charge of five per cent (5%), but which in no instance shall be less than Ten Cents (10c), shall be added to the above charge if the bill for the monthly reading period is not paid within the time prescribed by the Rules and Regulations of the Company.

This matter has been assigned for public hearing before said Commission on Thursday, May 14, 1953, at 10:30 A.M., Eastern Standard Time, in the offices of the Commission, 65 South Front Street, Ohio Departments Building, Columbus, Ohio, at which time all interested persons may be heard.
